## We Gyan Ventures Private Limited

Date

25<sup>th</sup> of May, 2021

—

To,

Mr. Siddhant Dhuri

Thadomal Shahani  
Engineering College

Congratulations! Based on your interview and your performance in all the placement rounds we are pleased to inform you that you have been selected as a Process Development Engineer for We Gyan Ventures Private Limited. Your hardwork, dedication, ingenuity and creativity stood out in all the tasks that were allotted to you and we are highly impressed with your work ethic and your ability to excel in every task that you took up.

However, we were expecting a lot more technical prowess and you couldn't deliver as per our expectations for the initial package of a CTC of 17 LPA in the technical interview, therefore we have decided to go ahead with a CTC of 6 LPA. You will also have to join after your final exams on an immediate basis as you will undergo training to make you industry ready till the month of August 2021, till which month, you will receive a stipend. After the month of August, your training will be completed, post which, you will be officially inducted as an employee of the company. Your job will be from home for now and this might change anytime during the course of your journey with us. However, we are located in Mumbai so traveling out of the city will happen only in very rare cases. We expect you to be completely open with us, tell us your doubts and issues but most importantly we expect timely dedicated work and results. This end of the bargain is non-negotiable.

We hope you will accept this offer. If you have any queries you can directly reach out to me or Ms. Faith Dias .

Hi,

As the global COVID-19 outbreak continues to evolve, we want to share the steps Superset is taking to help ensure the well-being of our employees and communities.

For many companies, including Superset, Coronavirus is the first public health situation that one is dealing with. One may feel a bit overwhelmed in deciding how to respond (we certainly did), because on the one hand, you want to protect our team; and on the other you want to service customers completely smoothly and as usual, while ensuring your advice and actions are meaningful and practical.

We know that Superset has an important role in your work — whether that's through product and service delivery or training and support —and we foresee our critical business operations to continue without any interruptions.

Our company is distributed by design. This means that our software, systems, and workforce are set up to operate in a distributed fashion and will continue to do so. As a precaution, we've enacted a company-wide work from home policy at least until Friday, April 10th, and we're updating our tools even further to make remote work as easy as possible.

Like many others, we have postponed physical events or moved them to be completely virtual. We are delivering all training sessions in a live, virtual environment and offering on-demand training. In addition, we are avoiding all non-urgent travel and are following local authorities' guidelines for customer and partner meetings.

**All our support channels will be open and will function at normal TATs.**

We know this is an uncertain time and we will provide you with updates as the situation evolves.

Thanks,

Pranjal  
COO, Superset

Dear Mr. Sunail Gidwani,

As you know we are initiating our Campus Hiring season for 2020-21 very soon and in context of the same, we would like to introduce Superset as our hiring platform.

We are partnering with them from this year and would like to invite you to explore the platform and register on it as a College Placement Cell.

Though registering is not a mandate, the features on Superset will enable you to view, plan and process the registrations of the students from your college who will apply for the Capgemini Hiring process.

Click here to Register: [Placement Office Registration Link](#)

**(Please note that this invitation is for the Placement Office and not a registration link for the students.)**

This email is to notify you of our platform as well as inform you that you and your students will be receiving emails from [capgemini.exceller@joinsuperset.com](mailto:capgemini.exceller@joinsuperset.com)

Please tag the same to ensure that it does not get diverted to Spam.

You will be receiving an email with further details on our process and registration in a short while.

Dear Dr Thampi,

Greetings from RoundGlass College Wellbeing!

We are pleased to inform you that **Treasure Life** organized on your campus was a great success. The event was conducted on 10th October 2019 to commemorate the World Mental Health Day.

Peer Mentors, volunteers and students from TSEC participated in the event. We have attached their details for your reference. It is the efforts of these students that made all the difference.

The event was curated based on the WHO mandate for this year, '*Mental Health Promotion & Suicide Prevention*'. The theme was executed to inculcate positive character among students, help them build communities on campus they can rely on and to have some quick fixes for negative emotions. The program saw a significant campus wide engagement of youth from various departments.
