#### ABOUT DEPARTMENTS

➤ The Department of Electronics and Telecommunication started in the year 2002 with a clear view of forerunner in the field of Telecommunication.

➤ At the desktop of achievements of the department, lies the award of accreditation given by the National Board of Accreditation during 2008 – 2011 and re accreditation from 2016 to 2019. The department has also started PhD. with an intake of 10 students from the academic year 2014-15.

➤ The curriculum of the program has been designed to cater to the ever changing needs and demands of communication industry.

*Handwritten signature: Anil*

#### ABOUT COURSE

➤ The course will cover the hands-on practicals of subject "Internet of Things", as per revised syllabus of ETXC, Semester III to Sem V.

#### RESOURCE PERSONS

- Er. Manoj S. Kavedia
- Dr. ManiRoja Edinburg

#### COURSE CONTENTS

- ◆ Introduction to Internet of Things
- ◆ Basic of Arduino , Node MCU , Raspberry Pi , MSP430 , STM32
- ◆ How to Install and configure IDE/Python for Different boards
- ◆ Basic Sensor and Actuators
- ◆ Introduction Simulation software like Tinkercad and Proteus
- ◆ Interfacing Sensor and Actuator with different boards
- ◆ Interfacing Sensor/Actuator with Board and Cloud
- ◆ Interfacing Sensor/Actuator with Board and Blynk App
- ◆ How to Make Node MCU as Local Server and Control using Webpage
- ◆ Machine to Machine Communication using Rpi and Telegram
- ◆ Project based on the Topics covered.

#### REGISTRATION FEES

- ◆ Rs. 500/- (Incl. of course material and E-certificate For TSEC)
- ◆ Rs. 750/- (Incl. of course material and E-certificate For Others)
- ◆ **Last Date of Registration: 09/07/2022**

Registration Form : <https://forms.gle/8E3wM6BQF0E3p0u8>

#### BANK DETAILS TO PAY THE FEES

Bank Name: Axis Bank Ltd.  
 Account Name: Thadomal Shahani Engineering College  
 Account Number: 028010100242325  
 Account Type: Saving Account

## Course Schedule

## Course Scope

Day	Topic	Date	Time *hrs.)	Speaker
1	Introduction to piping components (only conceptual and practical): pipes, fittings, valves, flanges, gaskets, bolts, controllers and valves, in line piping items	29-05-23	8	Mr.Ravideep Singh Chawla
2	Process Drawings: (Block Diagram, Process Flow Diagram, Piping and Instrumentation Diagram, Piping Material Specification, Line List, Utility Distribution Diagram)	30-05-23	8	
3	Interaction and Roles of Various Disciplines, i.e. Process, Piping, Civil, Instrumentation, Safety, HVAC, Project Control, etc.	31-05-23	8	
4	Static (Drums, Vessels, Columns, Separators, Absorbers, Exchangers) and Dynamic Equipment (Pumps, Compressors, Turbines, etc.)	01-06-23	8	
5	Stress Analysis in piping concepts and Pipe Supports (Primary & Secondary supports, Rests, Guide, Limit Stop, etc.)	02-06-23	8	
6	Piping Drawings and General Arrangements: (Plot Plan, Key Plan, Equipment Layout, Piping Layouts, Isometrics, Material Take off)	03-06-23	10	
6	Evaluation	03-06-23	1	
6	Valedictory function	03-06-23	1	

Piping design is an interdisciplinary field which needs engineers from chemical, mechanical, civil engineering disciplines.

### THIS IS PROJECT AND PROBLEM BASED COURSE.

This certificate course will help participants to:

- learn basics of piping components and their applications.
- get practically acquainted with process drawings((Block Diagram, Process Flow Diagram, Piping and Instrumentation Diagram, Piping Material Specification, Line List, Utility Distribution Diagram ).
- carry out stress analysis in piping
- carry out piping design for various static and dynamic equipments
- prepare pipe drawings

After completing the course, participants will be:

- able to identify and select piping components.
- prepare process and piping diagrams.
- carry out piping design for equipments
- work as piping design engineers in corporations and offer innovative solutions to industrial problems.

## Thadomal Shahani Engineering College

Established in 1983, Thadomal Shahani Engineering College (TSEC), founded by Hyderabad (Sind) National Collegiate Board, is recognized by Government of Maharashtra, approved by All India Council for Technical Education (AICTE) and Affiliated to University of Mumbai. It offers a 4-year Bachelor of Engineering (B.E.) Degree program in Artificial Intelligence and data Science, Information Technology, Computer Engineering, Electronics & Telecommunication and Chemical Engineering.

Chemical Engineering Department is well-equipped with state-of-the-art infrastructure and laboratories as per Mumbai University Syllabi, The department has highly qualified core faculty with an incredible professional profile to meet the emerging trends and challenges in the field of chemical engineering and allied areas on a global platform. The department is accredited by the national board of accreditation for a period of three years until June 2025.

The chemical engineering department strives to impart high quality technical education with a delicately struck balance of fundamental knowledge, practical exposure and novel concepts.

The department facilitates various training programmes in collaboration with industries, tailor made internships to cater to the unique interests of students, regular lecture series by experts from various fields of chemical engineering and intentional honing of talents and skills of students to aid achieve their future career objectives.

## Course Content

**Course Structure:** 6 Modules (50 hours)

**About the Course** – The Certificate Course on " **Innovations in Piping Design** " will help students in gaining practical knowledge in piping.

Module 1: Introduction to piping components (8 hrs.)

Module 2: Process Drawings (8 hrs.)

Module 3: Interaction and Roles of Various Disciplines (8 hrs.)

Module 4: piping design for various static and dynamic equipments (8 hrs.)

Module 5: Stress Analysis in piping (8 hrs.)

Module 6: Piping Drawings (10 hrs.)

**Report on certificate course on**

**Innovations in Piping Design**

Venue: Chemical Engineering department, TSEC

**29<sup>th</sup> May to 3<sup>rd</sup> June, 2023**

**Objective:**

This certificate course will help participants to:

- i) Learn basics of piping components and their applications.
- ii) Get practically acquainted with process drawings ((Block Diagram, Process Flow Diagram, Piping and Instrumentation Diagram, Piping Material Specification, Line List, Utility Distribution Diagram ).
- iii) Carry out stress analysis in piping
- iv) Carry out piping design for various static and dynamic equipments
- v) Prepare pipe drawings.

A certificate course of one week duration on “Innovations in Piping Design” was conducted by Chemical Engineering department. Industry expert, Mr.Ravideep Singh Chawla (Chief Engineer - Piping Design and Construction, Satguru Enterprises), conducted the lectures.

The course was focused on: piping components, process and piping drawings, interaction and roles of various disciplines, static and dynamic equipments, stress analysis in piping concepts and pipe supports.

The course was attended by 30 students, many of them from other engineering colleges in Mumbai. The course was highly appreciated by professors and students as evidenced by positive feedback.

# About TSEC

Thadomal Shahani Engineering College (TSEC) established in 1983, founded by Hyderabad (Sind) National Collegiate Board, is recognized by Government of Maharashtra, approved by All India Council for Technical Education (AICTE) and Affiliated to University of Mumbai. It offers a 4-year Bachelor of Engineering (B.E.) Degree program in Artificial Intelligence and Data Science, Information Technology, Computer Engineering, Electronics & Telecommunication and Chemical Engineering. The College offers Ph.D. program in the subject of Information Technology, Computer Engineering and Electronics & Telecommunication.

## About Department

The Computer Engineering department of TSEC was established in the year 1984 and has grown over the years into a competent department with dedicated faculties. The goal of the department is to establish state of the art computing environment to develop competent computer engineers imbued with the spirit of professionalism and responsible citizenship.

### Department Vision

Metamorphosis into a center of excellence in higher education and enterprise computing to nurture and facilitate the learners who ought to be the creams of society in terms of their irresistible ambition to be part of entities inventing breakthrough technologies to further the cause of mankind through emerging technologies.

### Department Mission

1. Building state of art laboratories with the help of internal accruals / government funding / industry funding
2. Collaborative research initiative with premier research organizations in the country
3. Subjecting and initiating learners to entrepreneurship training program and nascent technologies which shall be beyond curriculum
4. Developing instructional content leveraging new findings of cognitive load theories and visual learning
5. Initiating public private partnership to setup startup ventures to help learners evolve as entrepreneurs in ICT
6. Extensively promote participation in application building competition getting organized externally and internally to enable learner to apply theoretical understanding in real time functional area

## ABOUT TSEC

Thadomal Shahani Engineering College (TSEC) is an 'A' Grade Institute managed by Hyderabad (Sind) National Collegiate Board and approved by the All India Council for Technical Education (AICTE), affiliated to the University of Mumbai. Four programs of the college are accredited by National Board of Accreditation. TSEC is constantly identifying and developing new and nascent technologies such as Artificial Intelligence, Machine Learning, Deep Learning and Block Chain Technology, for enhancing student learning and growth.

## ABOUT DEPARTMENT

The department of AI and DS is established in the year 2020 with highly qualified senior faculty. This newly added department of TSEC has been set up with a goal of training students as leaders and researchers in the fields of Artificial Intelligence And Data Science with world class infrastructure, curriculum and comprehensive hands on experience through industry connect programs. The Department has been Instrumental in organizing various technical events.

## COURSE OBJECTIVES

- The objective of the course is to provide insights about Full Stack web development and related tools.
- To give hands on experience for the tools required to manage and operationalize Web development in production environment
- To enable the participants to acquaint with practical skills in the subject that will help them to design applications that supports real-world problems using web development tools.

## RESOURCE PERSONS

- 1) Dr. G. T. Thampi
- 2) Dr. Bhushan Jadhav
- 3) Prof. Chetan Agarwal

**Full Stack  
Web Development**

Department of Artificial Intelligence and Data Science has organised a short term training program approved by ISTE on the “**Full Stack Web Development**” from **12th July 2022 to 16th July 2022**. Experts from Industry and colleges shared their knowledge on the various topics. Faculty members as well as students attended the STTP. All the participants benefited from the programs in terms of practical and conceptual knowledge. The details of the program are mentioned further.

**Convener:** Dr. G. T. Thampi

**Co-Convener:** Dr. Madhuri Rao, Dr. Bhushan Jadhav

**Co-ordinator:** Prof. Vijal Jain, Prof. Himani Deshpande

**Course Objectives**

- The objective of the course is to provide insights about Full Stack Web Development and architectural solution building process.
- To give hands on experience in deploying various tools underpinning principles of human computer interaction.
- Accentuating learning while doing, to relate with real time applications, which can be subjected to multiple validation process and procedures.

1 point

- Prime Management Company
- Project Management Consultant
- Project Management Company
- Prime Management Consultant

Q2. Who owns the RISK in EPCM mode of project? \*

1 point

- Owner
- EPC Contractor
- Consultant
- Vendor

Q3. Write one major difference between Code and Standard

1 point

Your answer

Q4. What symbol is shown here? \*

1 point

- Globe Valve
- Ball valve
- Plug Valve
- Gate Valve

Q5. Gate valve causes higher pressure drop than globe valve \*

1 point

- True
- False

Q6. For a pipe line, if Velocity is doubled, the pressure drop is increased four \* 1 point times

- True
- False

Q7. What is full form of MAWP? \*

1 point

- Max Allowable Water Pressure
- Most Allowable Vapor Pressure
- Max Allowable Working Pressure

Q8. If there are three phases (vapour, water and hydrocarbon) entering into the separator vessel, then which type of vessel to be selected? \* 1 point

- Vertical
- Horizontal

Q9. L/D for the Vertical vessel shall be in range of \*

1 point

Your answer

Q10. What is Nominal Pipe Size? \*

1 point

- Inside Diameter of the Pipe
- Outside Diameter of the Pipe
- It is neither ID nor OD, but a non dimensional number representing pipe size

Q11. Pump Head is independent of the density of the fluid \*

1 point

- True
- False

Q12. What is NPSH and why is it necessary? \*

1 point

Your answer

Q13. What is shutoff head in pumps? \*

1 point

Your answer

Q14. There are how many types of tubes layouts used in heat exchanger? \*

1 point

- 1
- 2
- 4
- 3

Q15. For a heat exchanger,  $Q = m C_p dT = ?$  \*

1 point

- U A dT
- m A LMTD
- U A LMTD

Q16. API 650 is Standard followed for \_\_\_\_\_ \*

1 point

- Atmospheric Tanks
- Low Pressure Tanks
- Spheres
- High Pressure Tanks

Q17. For a Volatile Hydrocarbon, which Tank Type is preferred? \*

1 point

- Fixed Cone Roof
- Floating Head

Q18. Inbreathing and Outbreathing losses in Tanks is calculated as per

\* 1 point

-----.

- API 650
- API 620
- API 521
- API 2000

Q19. How is Column overhead operating pressure is decided ? \*

1 point

Your answer

Q20. Boiler Feed Water is first pre-heated in \_\_\_\_\_. \*

1 point

- Super heater
- Riser
- Downcomer
- Economiser

Q21. "Approach" in Cooling Tower means difference between \_\_\_\_\_. \*

1 point

- Cooling Water Return Temperature and Cooling Water Supply Temperature
- Cooling Water Return Temperature and Wet Bulb Temperature
- Wet Bulb Temperature and Cooling Water Supply Temperature

Q22. What is purpose of Side Stream Filter in Cooling water system? \*

1 point

- To remove solid impurities and maintain Cycles Of Concentration
- To reduce water temperature
- For accumulating water

Q23. What is purpose of Flare in Chemical plant? \*

1 point

- To burn the waste gases
- To conduct the relieved fluid to a location, where it can be safely burned and discharged
- It acts like chimney for useful gases

Q24. Which API is used for Relief system design? \*

1 point

- API 521
- API 520
- API 650

Q25. What is the minimum Sterile radius for Flare ? \*

1 point

- 60 m
- 100 m
- 90 m
- 80 m
