Report on International Day of Yog (IDY'22) Celebration on 21/6/22

Date: 21/07/2022

No. of Participants: NSS Vols. TSEC: 33; Male: 13; Female: 20

Venue: College Campus

International Day of Yog (IDY'22) was celebrated in association with ISHA FOUNDATION. Isha Foundation is a nonprofit, spiritual organisation founded in 1992 near Coimbatore, India, by Sadhguru Jaggi Vasudev. It hosts the Isha Yoga Centre, which offers yoga programs under the name Isha Yoga. The foundation is run "almost entirely" by volunteers. The word isha means "the formless divine". During the Yog Namaskar, all the participants had to balance their posture in order to maintain the pose and all participants performed that sincerely. Though a bit of struggle, the session was apparent with visible smiles, composure and enthusiasm on the faces of all the participants. Next was Nadishodhan i.e. breathing exercise which was the most relaxing part of this day. Instructions for the same were shown through a video on how to do that exercise properly to enhance our breathing thereafter with meditation to clear our thoughts.

Lemon honey drink and bananas were served as refreshments post event to rejuvenate for the day, nourishment & energy for throught the day as per the Yogic culture.

Few Glimpses of IDY'22 in TSEC in the attached pictures below:

Report on Blood Donation Drive-I

Date: 21/09/22	Duration: 8 Hours
No. of Participants: NSS Vols. TSEC:72; Male: 52; Female: 20	
Venue:College Campus.	

The NSS-TSEC unit of Thadomal Shahani Engineering College conducted a blood donation drive in collaboration with **Tata Memorial Hospital** on 21'st September 2022. The drive was held in the student lounge and was a great success, with a total of **115 units** of blood collected. Total Blood donors registered to donate blood was around 200.

The day started with the preparations for the Blood Donation Drive. The student lounge was decorated with balloons and attractive posters and slogans to motivate volunteers to donate blood. The doctors and staff from TATA memorial hospital arrived with the equipment required for the BDD drive, the bus was unloaded and the equipment was arranged in the student lounge as per the requirements.

The registration desk, certification desk, refreshments desk, doctor's desk and stretchers were arranged. The drive was inaugurated by the principal of TSEC, Dr. G.T. Thampi along with Dr. Gauri Shulka and Prof. Sachit Nalaskar, Program Officers of NSS TSEC. The volunteers were assigned with a job such as publicity, escorting, providing refreshments to donors and registration.

The event was organised with the aim of creating awareness among students about the importance of blood donation and encouraging them to become regular donors. The committee worked tirelessly to promote the event and ensure maximum participation from the student community.

The volunteers helped in spreading the word about the event and encouraging their peers to donate blood. They also assisted in managing the registration process, ensuring that the donors were registered in an organised manner and provided with all necessary information about the donation process.

The volunteers also played an important role in making the donors feel comfortable during the donation process. They offered support and encouragement to those who were nervous or apprehensive about the process, helping to create a positive and welcoming environment for all donors.

The active participation of the volunteers demonstrated their commitment to the cause and their willingness to go above and beyond in contributing to the success of the event. Their efforts were crucial in ensuring that the blood donation drive was a resounding success and served as a testament to the power of community efforts in making a positive impact.

Few Glimpses of events that took place at Blood Donation Drive in the attached pictures below:

Report on Blood Donation Drive-II

Date: 16/02/23 Duration: 8 Hours

No. of Participants: NSS Vols. TSEC:72; Male: 46; Female: 26

Venue: College Campus.

The **NSS-TSEC** unit of **Thadomal Shahani Engineering College** recently conducted a blood donation drive in collaboration with **Tata Memorial Hospital** on 16th February, 2023. The drive was held in the student lounge and was a great success, with a total of **120 units** of blood collected successfully out of the 200 interested Blood Donors who registered.

Few Glimpse of event are as follows:

Report on ICARE

Date: 26/09/22	Duration: 3 Hours	
No. of Participants: NSS Vols. TSEC: 127; Male:72; Female: 55		
Venue: Zoom		

NSS-TSEC has been conducting **Cardiac Arrest Resuscitation** Workshop in collaboration with **Holy Family Hospital**, **Bandra** for the past 4 years and few students and faculty are **certified Heart Marshals** of first of its kind in India.

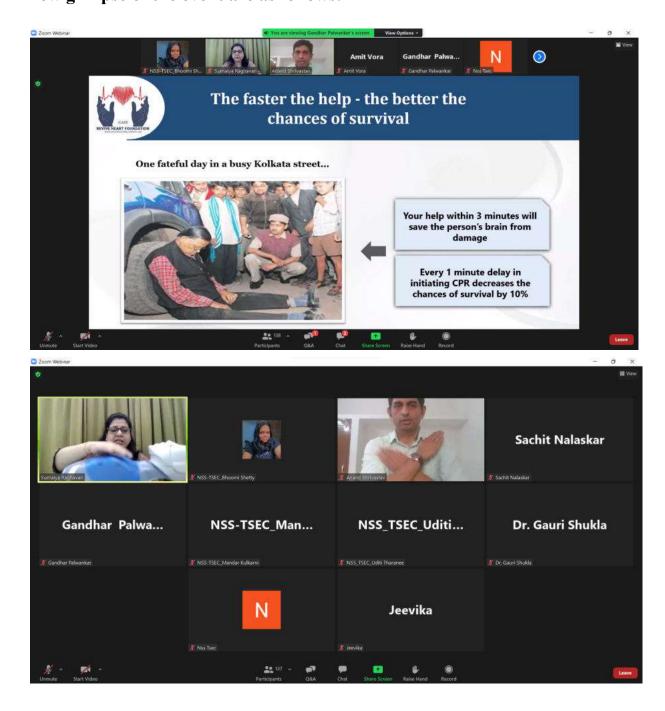

On **26th September 2022**, NSS-TSEC in collaboration with Holy Family Hospital, Bandra organised an online workshop on Cardiac Arrest Resuscitation under the **iCARE** initiative. The webinar was conducted on Zoom Application. Ms. Sumaiya Raghavan, Operations Head at iCARE, and Mr. Anand Shrivastav, Project Director at iCARE, conducted the training session. Both speakers are certified by the American Heart Association as qualified trainers in first aid, heart-saving, and CPR. Dr. Amit Vora, Cardiologist from Mumbai attached to various hospitals like Lilavati, Reliance and Holy Family, also attended the session to provide assistance to the team.

ICARE is a non-profit initiative of Holy Family Hospital in Bandra dedicated to educating people on how to save the life of a sudden cardiac arrest victim until a medical emergency arrives. They provide free training as part of this initiative in order to raise awareness among people and save lives. The speakers in this workshop presented facts and examples to demonstrate the significance and need for this training. They clarified the distinction between a heart attack and a cardiac arrest, which many people confuse.

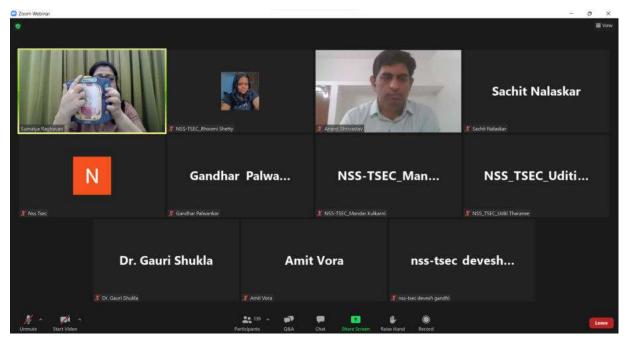

The speakers urged the audience to help strangers in an emergency, citing the preceding law. The workshop's main goal was to give participants ideas on how they could save people's lives during cardiac arrest. The four steps to saving a person during sudden cardiac arrest (Recognize, Call, CPR, AED) were Page 2

of 2 explained to participants in an innovative way using a PowerPoint presentation, animated videos, and a dummy mannequin used by the speaker. The training concluded with a demonstration of how to use an **Automated External Defibrillator (AED) machine**, which is required to administer electric shocks in addition to CPR. The webinar was both educational and interactive. During the Q&A session, the speakers answered every question in sincerity and enthusiasm.

Few glimpse of the event are as follows:

Report on Mindscapes An event on Mental Health Awareness

Date: 10/10/22

Duration: 4 Hours

No. of Participants: NSS Vols. TSEC: 40; Male: 26; Female: 14

Venue: College Campus

NSS-TSEC in collaboration with TIE club of TSEC organised 'Mindspaces' an event on Mental Health Awareness. This event was guided by **Dr. Roshan Mansukhani**, our college counsellor.

The event started with a small interaction with the volunteers by Roshan sir introducing himself and asking volunteers to be as interactive as possible. Sir cracked a joke in order to lighten the mood of the volunteers and to begin with the first session called 'Fish Pond', where he asked everyone to write about their feelings, their thoughts or anything they felt like saying at that moment anonymously onto the piece of paper provided by the NSS committee members. Then the papers were folded and collected into a box, later during the end session sir randomly picked the papers from the fish pond box and read few of them in front of everyone wherein we came to know about how each person thinks and what are their state of mind.

Thereafter a fun session called "SAVE YOUR BALLON" started where the volunteers were provided with a balloon and a toothpick. Sir stated one line saying "save your balloon" and immediately the volunteers started bursting each other's balloons instead of saving their own. Later sir mentioned that he asked the volunteers to just save their balloon and not to burst other's balloons indicating that we should not indulge in other people's life but instead save what we have. This was the takeaway from this session.

The third session began with the distribution of pen and tinted sheets to the volunteers wherein they were asked to draw whatever popped into their head

,whatever they could think or feel at that moment of time. The volunteers drew several drawings which depicted their deep thoughts. Later, the drawings were collected and some of them were shown which reflected positive thoughts.

The Fourth session started with the formation of a small cluster consisting of 8 to 10 volunteers in each cluster. Each cluster was given a chart paper and every group member was asked to write about the affirmations of what they felt like during the session .They were given a freewill to write about their thoughts onto the paper so that every group member knew what the other member was feeling like.

In the fifth session the volunteers were asked to write about their personal feelings like whether they are suffering from depression or not, if yes then what is the reason behind it. They had the freewill to write about their feelings about the college life, personal life, peer pressure, academic pressure, family issues etc i they had any. Later sir collected each paper and kept it with himself saying that he will read it personally and not reveal it to everyone because each person has his/her feeling and thought process and it is not right to talk about someone's feeling in the open. Sir, promised that he will read every paper and try to provide a solution to the volunteers on a personal level.

The event concluded with a thanksgiving by Dr. Roshan Mansukhani to the volunteers and the nss as well as tie committee members for organising such a successful and interactive event. The volunteers were provided with the personal contact number of Dr. Roshan Mansukhani to connect with him on a personal level if they wanted a counselling session.

Thus, the Mindscape, an event on mental health awareness was not only successful in analysing the thought process of the volunteers present but also encouraging everyone to be expressive about their feelings and their mental state.

Few glimpse of our session are as follows:

Report on Heart Marshal Workshop

Date: 21/01/23	Duration: 5 Hours	
No. of Participants: NSS Vols. TSEC: 45; Male:30 ; Female:15 ; Faculty: 3		
Venue: College Campus		

The event was organised in collaboration with the iCare initiative by the Holy Family Hospital, Bandra which was the second level workshop and aimed to provide participants with the skills and knowledge necessary to save lives in emergency situations, first level was an online seminar named Cardiac Arrest Restitution (iCare) which was held a few months back.

The workshop began with an introduction to the basic principles of cardiopulmonary resuscitation (CPR) and the use of **automated external defibrillators** (AEDs). Participants were then given a step-by-step demonstration on how to perform CPR on mannequins, followed by hands-on practice.

After completing the CPR training, participants were given a demonstration on how to use AED kits. They were taught how to recognize the signs of cardiac arrest, how to perform a quick assessment of the patient, and how to apply the AED pads and follow the machine's instructions.

The final portion of the workshop involved written and practical exams to test participants' knowledge and skills. The written exam consisted of multiple-choice questions, while the practical exam required participants to demonstrate their ability to perform CPR and use an AED on mannequins.

The event was a great success. The organisers expressed their gratitude to the participants and encouraged them to continue practising their skills and spreading awareness about the importance of CPR and AED training.

Some Glimpse of the event are as follows:

Report on Mega Meditation & Vegetarianism Awareness Rally

Date: 11/11/22	Duration: 4 Hours	
No. of Participants: NSS Vols. TSEC:10 ; Male:7 ; Female:3		
Venue: Otter's club, Bandra		

On 11-Nov-22, the Mumbai Spiritual Pyramid Society organised a Vegetarianism Awareness Rally, which was led by Mr. Rambabu. The aim of the rally was to raise awareness about the benefits of vegetarianism and to motivate people to adopt a plant-based diet. The NSS TSEC volunteers also actively participated in the rally to support this cause.

The rally began with Mr. Rambabu addressing the participants and sharing his personal experience of how he switched to a vegetarian diet and its impact on his health and well-being. He highlighted the importance of being aware of the food we consume and how it affects not only our physical health but also the environment and other living beings. The participants then marched through the streets, shouting slogans related to being vegan and its benefits. They carried banners and placards with messages such as "Save Animals, Go Veg," "Be the Change, Go Veg," and "Eat Plants, Save the Planet."

During the rally, Mr. Rambabu also emphasized the benefits of a plant-based diet, including improved health, reduced environmental impact, and compassion for animals. He highlighted that being vegetarian not only benefits the individual but also has a positive impact on society and the planet as a whole. The NSS TSEC volunteers actively participated in the rally, and some of them even shared their personal experiences of how they switched to a vegetarian diet and its impact on their health and well-being. They encouraged others to adopt a plant-based diet and raised awareness about the benefits of vegetarianism.

In conclusion, the Vegetarianism Awareness Rally organized by the Mumbai Spiritual Pyramid Society was a great success in raising awareness about the benefits of a plant-based diet and motivating people to adopt a vegetarian lifestyle. The active participation of the NSS TSEC volunteers demonstrated their commitment to this cause and their willingness to make a positive impact on the environment and society

Few Glimpse of the Vegetarianism Awareness Rally:

Event Name: Showering Smiles: A Raincoat Donation Drive

Avenue: Community Service

Event Date: 21/07/2022

Number of Attendees: 12

Venue: Khar and Bandra Railway Station

Aim: To donate raincoats to needy and homeless people

Pictures:

Groundwork & Flow of Event:

Raincoats were distributed to the underprivileged to ensure that they could carry out their daily tasks without being hindered by the weather.

15th June, 2022:-

The community service directors were asked to come up with event ideas for August in the BOD meeting.

2nd July, 2022 -

The directors gave a few ideas on their respective avenue groups out of which raincoat donation was finalised and an apt date to conduct the event was sought.

5th July, 2022 -

The directors started reaching out to vendors to get the quote and the type of raincoat they wish to donate.

12th July, 2022 -

An order was placed for 100 raincoats with a vendor.

21st July, 2022:-

Club members gathered in the college and went on to donate the raincoats to needy people at Khar and Bandra Railway station .

Impact Analysis:

A raincoat is a basic necessity in the monsoons, but for the underprivileged, even such small necessities are sometimes difficult to acquire. Not only will these raincoats protect people from Mumbai's heavy rains but also safeguard them from the various water-borne diseases that are caused by exposure to heavy rainfall. These raincoats will also help these people carry on with their daily work and let the rain not be a hindrance. Over 100 people benefited from this drive and certainly were delighted to receive the raincoats. While distributing these raincoats, the smiles and the sense of gratitude on their faces made the teams' every single effort worth it, as the team learnt that true happiness lies in giving back to society.

Event Name: Muskaan: A Refreshment Drink Distribution Drive

Avenue: Community Service

Event Date: 29/08/2022

Number of Attendees: 17

Venue: Zepto, Swiggy Instamart, BlinkIt and Dunzo Delivery Warehouses

Aim: To Distribute Refreshment Drinks to the Delivery Workers of various Online Delivery

Platforms

Pictures:

Groundwork & Flow of Event:

Living in the 21st Century, we have all become used to getting piping hot, fresh food delivered from our favourite restaurants right to our doorstep, thanks to all the modern day food delivery apps. We always appreciate the app development firms that have made this possible, but we never truly appreciate the delivery workers who make sure that our food is delivered to us in the shortest time possible. These delivery agents are on the road all day, constantly delivering orders while fighting the city's pollution, constant traffic, and harsh weather conditions.

Thus, we at RCTSEC believe that it is important to show gratitude towards these delivery partners. As a result, we went to the delivery facilities of different food delivery services like Zepto, Swiggy, Instamart, Blinkit, and Dunzo and gave sparkling water to the delivery personnel who were working incredibly hard to deliver our food orders as quickly as they could.

14th August, 2022: The Community Service Directors came up with the idea of organizing a refreshment distribution drive. After finalising the idea, the marketing team started to look for drink sponsors for the event.

19th August, 2022: After speaking to various brands, the Marketing team reached an agreement with Zenzi Sparking Water Co. who were actively interested in sponsoring the event. They sent us a consignment of 120 bottles for our drive.

The Refreshment Distribution Drive was conducted in two parts:

Part 1: 2nd September, 2022: The Club members visited the nearest Zepto Warehouse in Bandra West and distributed a total of 48 bottles amongst the workers.

Part 2: 20th September, 2022: The Club members along with the GBMs visited the Blinklt, Swiggy Instamart and Dunzo Warehouses in Azad Nagar and distributed 72 bottles among all the delivery partners.

Impact Analysis:

The 120 delivery agents from the Zepto, Swiggy, Instamart, Blinkit, and Dunzo warehouses in Bandra and Azad Nagar received refreshments from the Rotaract Club of Thadomal Shahani Engineering College, and the entire team showed compassion while doing so. This act made attendees realise how much effort these delivery workers put in to fulfill our purchases. By handing water bottles to assist them rehydrate, we showed them that their efforts are appreciated and that their presence has made our lives simpler.

Event Name: Rangratri

Avenue: Community Service

Event Date: 03/10/2022

Number of Attendees: 18

Venue: Access Life Chembur

Aim: Celebration of navratri with an NGO

Pictures:

Groundwork & Flow of Event:

Garba is a dance that honors, worships, and celebrates the feminine form of divinity. The word "garba" comes from the Sanskrit word garbha, meaning "womb." Traditionally, the dance is performed by women in a circle around a clay lantern with a light inside, called a garbha deep ("womb lamp"). The garbha deep has another symbolic interpretation. The vessel itself is a symbol of the body, within whom divinity (in the form of the Goddess or Devi) resides. Garba is danced around this symbol to honor the fact that all humans have the divine energy of Devi within them.

We, as RCTSEC wanted to celebrate this festival of happiness and joy with those who might need a small boost of it in their lives. Therefore, we collaborated with Access Life and their chembur branch.

Access Life Assistance Foundation provides a loving and temporary home for the parent or care taker and the child undergoing the treatment for cancer. Our mission is to offer a home-like environment for these families and we also try to improve the quality of life of these children by providing practical support services, educational resources and recreational programs.

The main aim was to celebrate and play garba with these children with cancer and their parents.

The flow of the event on the day was as follows:

- We started with playing games as an icebreaker and interaction with the children.
- We took a tour of the facility and tried to understand their needs and figure out ways to help out.
- We played garba with the children and their parents and made sure no child was left out.
- We then distributed stationary that these children needed
- To show their appreciation, the children with their parents made cards and flowers for each and every volunteer.

Impact Analysis:

The impact a small smile on a child's face is often overlooked but being with the families helped us all introspect and harbour more empathy. It was able to fill a void in our lives that we didnt know existed and being with these families made us all want to come there more often.

A festival is often referred as the time to share and impart happiness during these tough times and therefore, this was the perfect way to make this dream come to life.

Event Name: Smiles Across Miles

Avenue: Community Service

Event Date: 12/11/2022

Number of Attendees: 118

Venue: Shott Gaming Arcade (Mumbai, Surat and Ahmedabad)

Aim: To celebrate Children's Day in it's truest sense by taking over 90 kids from 3 different NGOs to Shott Gaming Arcade Facilities simultaneously in 3 cities

Pictures:

Mumbai-

Surat-

ચિલ્ડ્રન ડેની ઉજવણી હેઠળ બાળકોને વિવિધ રમતો રમાડીને રાઈડ કરાવાઈ

ચેરિટી ફાઉન્ડેશન દ્વારા ચિલ્ડ્રન ડેની ઉજવણી એક એનજીઓના બાળકો સાથે કરવામાં આવી હતી. આ પ્રસંગે ફાઉન્ડેશન દ્વારા બાળકોને વિવિધ રમતો રમાડીને રાઇડ્સ કરાવવામાં આવી હતી. સંસ્થાના એનિશ ગાંગુલીએ જણાવ્યું હતું કે, હેપ્પી ફેસિસ પ્રોગ્રામ હેઠળ આ બાળકોને આમંત્રણ અપાયું હતું. જેમાં 9થી 14 વર્ષના 33 બાળકો સામેલ થયા હતા.

Groundwork & Flow of Event:

The Rotaract Club of Thadomal Shahani Engineering College, in collaboration with Shott India, took 93 kids from various NGOs for a fun-filled morning at Shott Gaming Arcade facilities in 3 cities (**Mumbai, Surat and Ahmedabad**) simultaneously.

23rd October, 2022: The Community Service Directors Rtr. Arnav Malvia and Rtr. Pratham Mottwaney, came up with the idea of organizing an event in which the club would take kids from the age groups 9-15 to a gaming arcade/amusement park on the occasion of Children's Day.

27th October, 2022: After receiving the necessary approvals of the team, the Community Service and Marketing Directors started contacting authorities of various gaming arcades/amusement parks who would agree to be sponsors for this cause.

4th November, 2022: The team came in touch with Shott India Pvt. Ltd., who actively showed interest in sponsoring this event by granting full access to the children to their gaming arcade facilities not only just in Mumbai, but also in their other two facilities in Surat and Ahmedabad on 12th November, 2022 from 9-11am, followed by lunch.

7th November, 2022: The Community Service Directors started contacting various NGOs and orphanages in Mumbai, Surat and Ahmedabad, who would be interested in collaborating with us for this event.

10th November, 2022: After contacting various NGOs and Foundations in the three cities, the following three NGOs were finalized:

Mumbai- My Helping Hands for animals and children, 30 kids (9-14 age group) Ahmedabad-Visamo Kids Foundation, 30 kids (9-14 age group) Surat- Cheerity Foundation, 33 kids (9-14 age group)

12th November, 2022: The Team Members reported to the Mumbai Venue at 8:30 am to make the necessary field arrangements and give a warm welcome the kids. The event took place in three cities simultaneously. Shott India provided full access to all of its arcade facilities, bowling alleys and various other fun activities to all the kids and the volunteers at all the three venues for a total period of 2 hours followed by delicious lunch served at the venue to all the participants.

The event was not just limited to Mumbai but also two other cities, this event was like nothing seen before.

Impact Analysis:

We, as individuals often take the luxuries and facilities provided to us by our families for granted. We sometimes even take our own parents for granted and consider it their sole responsibility to provide us with the best possible education, affection, lifestyle and comfort. But, we often forget that in this world, there exist some individuals who never even get to see the faces of their own parents and have to lead an extremely tough life full of hardships where sometimes, food is the only luxury. These kids can't even dream of the latest smartphones and tech gadgets that we use, the luxurious cars that we drive around and even the comfortable beds that we sleep on after a tiring day. For these little souls, the biggest uncertainty in life is whether they would get the next meal or if they have to starve for the whole night and hope for a better tomorrow and ironically, we end up complaining that our lives are hard. It is only after looking at the lives of these children, we end up realizing that how blessed our lives are and that we should be utterly grateful to our parents and the Almighty for every comfort and the smallest luxury that we have.

Team RCTSEC in collaboration with Shott India, with the vision of doing something for these kids that they would never forget for the rest of their lives, organized the event **Smiles Across Miles** simultaneously across three cities, wherein all the kids got an opportunity to

enjoy all the gaming arcade facilities at the venue and play their hearts out. Seeing the kids enjoy their time at the venue, even the team members couldn't resist themselves from letting loose the little kid somewhere trapped inside them and play with the children and enjoy every moment that came by. After the event, the children even rushed in towards the team to give them hugs and kisses! Seeing their overwhelmed faces filled up our hearts with so much love, joy and gratitude towards life. This event created such memories that both the children and the team members will cherish for the rest of their lives.

Event Name: Project Ujala

Avenue: Community Service

Event Date: 02/11/2023

Number of Attendees: 10

Venue: Tilgoan Babarpada, Maharashtra

Aim: To provide solar powered lamps as well as food grains to all the students of a rural

village school.

The project was done with Green India Initiative Pvt. Ltd. Green India Initiative Pvt. Ltd. (GIIPL) a for-profit social enterprise that has developed expertise in rural electrification through renewable energy projects since 2014. GIIPL aspires to electrify 1000 villages and facilitate energy access to one million underprivileged rural citizens by 2025. It aspires to change the world by being a reliable sustainability partner assuring valued efficient energy solutions delivered with passion and have a relentless focus on customer satisfaction. To sustain solar power projects in rural areas, GIIPL's team before electrifying any village conducts the baseline survey to identify the energy needs of the villages.

In its crux, the project was to facilitate a way to distribute solar powered lamps to students of a government school, ZP School in Babarpada. The reason for the same was to make sure the children were not forced to use kerosene lamps or even sit under a street lamp to study at night. These methods hinder as well as can cause a stint in their growth. These bright futures ahead of them deserve no less than the basic necessity. Kerosene lamps are an archaic and harmful medium of light.

To further use our means and put them to a good use, we decided to donate a few kgs of pulses as well as rice to the houses present in the village.

10th January

The initial planning and flow of event was discussed amongst the members and the a basic idea was presented to all the committee members.

13th January

Delegation of the tasks to successfully carry out the project was done. The hunt of a good organization to partner with, which aligned with our aim and objective of this project.

20th January

The event was released on all social media fronts. The team was also given crowdfunding targets to achieve. As well as the partnership with GIIPL for the project was established. The village as well as the distribution details were chalked out.

10th February

Rtr Aakriti Sharma and Rtr Arnav Malvia went to procure the grains for distribution by manually packing them into 2 kgs rice as well as pulses packets to make distribution of grains very simple.

11th February

ON DAY-

- The team met with GIIPL volunteers and proceeded towards the village
- On reaching the village, we went to the school where we were graciously felicitated by teachers along with the students and their parents.
- Soon after we explained the working of the solar lamps to the children and parents and had a few demonstrations with them.
- After the distribution, we asked them all to test out their lamps to make sure they are able to operate them with no problem.
- We then proceeded to play fun games with the children like drawing games and also distributed chocolates amongst them.
- As the games ended, soon after we moved to distribute the grains to all the families by ourselves around the village.

We met and talked to many families and their children. Despite the language barrier, we were able to make a difference in their lives and make sure we left a mark.

Funds Raised

- 40 thousand was raised through pure crowdfunding through a lot of hardwork and efforts of the team members
- 15 thousand was a generous donation received by our parents rotary, Rotary Club of Bombay Airport
- We also carry forwarded the leftover from last year's fundraising

Allocation of Funds

- 26 Solar Powered Study Lamps
- 26 stationery kits as well as drawing books
- Chocolates for children and their parents
- 110 kgs of Rice
- 110 kgs of pulses

The use of solar energy in villages areas is experiencing a gradual surge. However, the road is long and challenging. The major hindrance is the lack of communication and awareness among the rural population. Technology will play a major role in this. Once the benefits of solar energy get communicated to rural India, the rest will be a matter of time. Despite the language barrier faced, there was a sheer connect of empathy and humanity which made the process and flow seamless.

With the gradual but exponential growth in the bandwidth as well as the impact made us confident that with each year we can improve and stand true to the real and raw potential of the project. The smiles that we saw on the faces of the students of the school as well as the families we talked to made every moment of the way worth a million.

Event Name: Treasure Hunt

Avenue: Club Service

Event Date: 09/30/2022

Number of Attendees: 62

Venue: Thadomal Shahani Engineering College

Aim: To encourage out-of-the box thinking and giving students a well-deserved break from

college activities.

Groundwork & Flow of Event:

The club service avenue of RCTSEC organised a treasure hunt in which participants were supposed to locate clues and perform tasks in and around the college to reach the final treasure.

A treasure hunt is a game in which each person or team attempts to be the first to find something that has been hidden, using written directions or clues.

12th September: Rtr Pranay Sidhwa and Rtr Vishal Banik shared their idea of having a treasure hunt on the 30th of September within the college campus.

14th September: The flow of the event was decided and the two rounds of the hunt were planned.

18th September: The PR message for the event was created by Rtr Sara Ghosalkar and was released to all our social media platforms along with the Google form to register for the event.

22nd September: The clues and questions for the treasure hunt were finalized and discussed among the committee members and key locations where the clues were to be placed were decided upon and finalized.

24th September: The prizes for the winners were decided upon and purchased by the committee.

30th September: The day started with Rtr Pranay Sidhwa arranging all the clues and hints and setting them up in their respective places. He along with Rtr Rachit Arora and Rtr Vivaan Mansukhani, took charge of the event and called upon all the participants to gather in the common area. The first common clue was given to the participants and they were given 10 minutes to find the answers to those clues. The next round started shortly after, during which the participants were given slightly harder tasks to complete. The teams who completed the tasks first came back to the starting point and aimed at tetra packs using balls. The first team to knock off the tetra pack was declared as the winner for the treasure hunt.

Impact Analysis:

As the participants looked for clues and searched for the treasure together, this activity helped them to work better as a team. Solving the clues also boosted the students' confidence and encouraged them to take on new challenges. The participants were also able to express their ideas more clearly and creatively while improving their communication abilities.

Event Name: Chadhaan

Avenue: Club Service

Event Date: 09/18/2022

Number of Attendees: 43

Venue: Kothaligad

Aim: To give students a well deserved break and promote adventure activities among them.

Groundwork & Flow of Event:

RCTSEC organised a trek to Kothaligad fort for both Rotaractors and Non-Rotaractors. Kothaligad is a famous trek in the Karjat area because of its small height and easy climbing.

28th August, 2022: Rtr. Aditya Patil brought forth the point of hosting a trek.

2nd September, 2022: Quotes from various treks were sought once the date for the event was finalised.

5th September, 2022: Trek locations was decided as Kothaligad and posters were designed for the same.

6th September, 2022: Registrations for the event started and promotion of the event started on all social media platforms.

16th September, 2022: Registration window closed and whatsapp group was created where the general guidelines for the trek were shared.

18th September, 2022: All participants assembled near college and boarded the bus to the base village. The trek began once breakfast was completed and everyone headed up in pairs under the supervision of a trek guide.

Impact Analysis:

Since everyone was concentrating on themselves and the only outside distraction was the environment, the event dramatically reduced the participants' stress levels. With everyone encouraging each other to advance further, spending a lot of time with other individuals, a few bonds were also formed. Trekking, of course, also aided attendees in finally enhancing their fitness

Event Name: Open Mic

Avenue: Club Service

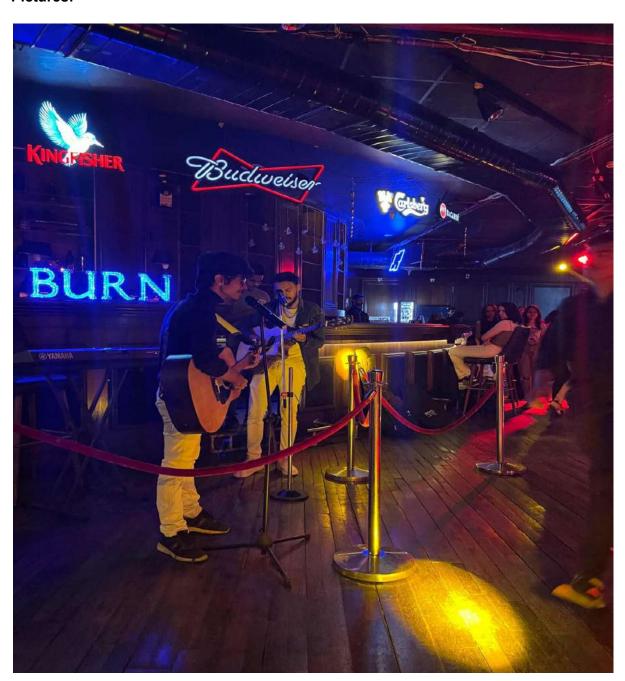

Event Date: 02/07/2023

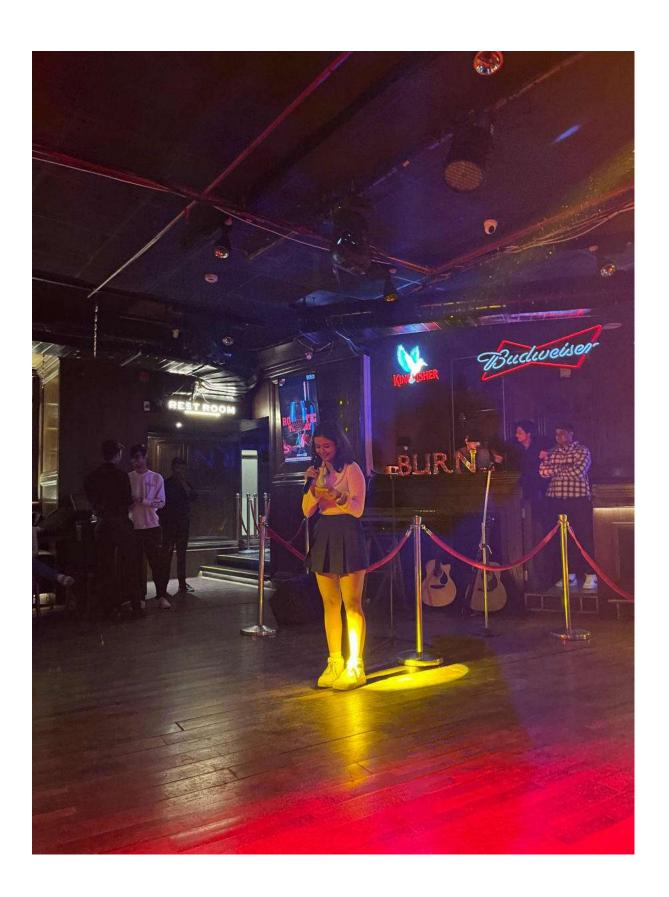

Number of Attendees: 146

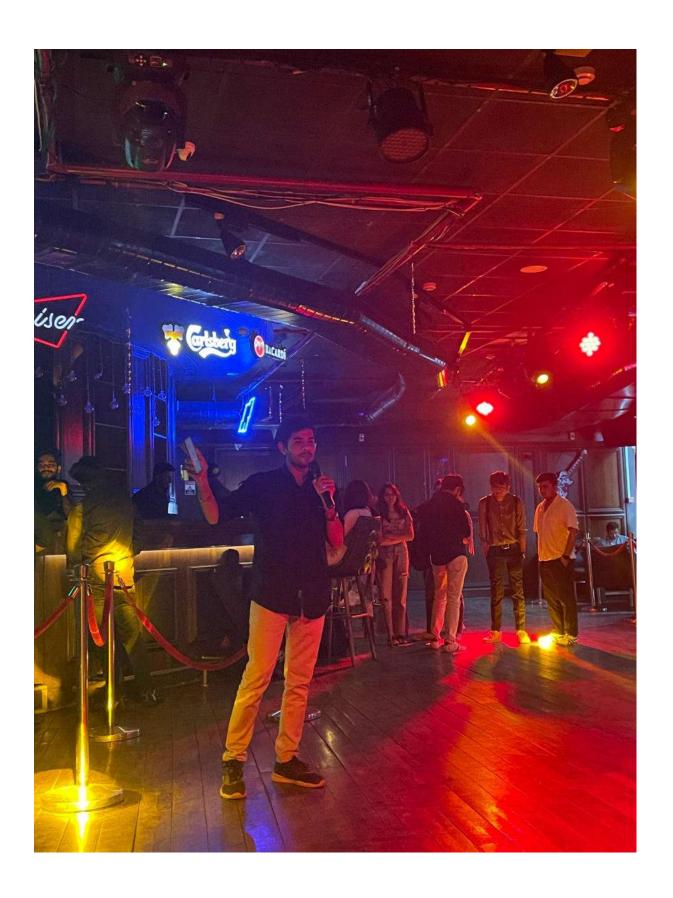

Venue: Burn, BKC

Aim: To host our yearly Open Mic Event to give a chance to the uprising talent in our college

and encourage them to come up on stage and showcase their skills

Groundwork & Flow of Event:

The Rotaract Club of Thadomal Shahani Engineering College, in collaboration with the Rotaract Club of Atlas Skilltech University hosted its annual Open Mic event wherein we give the chance of showcasing budding talent of the people surrounding us, but also to provide the correct resources for the upcoming Community Service project Ujala.

21st December, 2022: Club Service Directors Rtr. Vishal Banik and Rtr. Pranay Sidhwa presented the idea of organizing Open Mic event in the month of January/February.

23rd December, 2022: After seeking the approval of the PresSec, the Club Directors alongwith the Core members, started searching for a suitable venue to host the event. The team also started contacting various famous artists/live performers to grace the event as the headliner.

16th January, 2023: After talking to various nightclubs and restobars, BURN, BKC was finalized as the venue for the event.

26th January, 2023: The official poster and registration forms for both the attendees and the participants were released across all our social media platforms.

3rd February, 2023: Famous Actor, Musician, Lyricist and Live performer Nitin Sharma agreed to be the main headliner for Open Mic.

6th February, 2023: After receiving a satisfactory response, the registration forms were closed and the final details about the event were shared individually with the performers and the attendees.

7th February, 2023: All the team members of RCTSEC arrived an hour prior to the start of the event to make the necessary on-field arrangements. The event started on the scheduled time wherein the participants got a chance to present their talents in front of a supportive and cheerful crowd. The crowd spectated a wide array of performances like Singing, Beatboxing, Mimicry, Stand-up comedy, Poetry recitation, Live Skits as they heartfully cheered for every performer. The last performer of the event was our headliner Nitin Sharma, who with his soulful live performance created an immaculate vibe in the room. The live performances were followed by a DJ night, concluding the event on a high note.

Impact Analysis:

Open Mic, ever since it's first chapter has been serving as a great platform wherein we provide an encouraging platform to all the young, budding, talented artists in our college and outside to showcase their skills and talent in front of a big crowd, This year's Open Mic also was no exception, as all the talented students got a chance to showcase their talent in front of their own people which as a result gave a great boost to their confidence which would help them in the future to work in front of a bigger crowd. The event served as a breath of fresh air for the attendees as they got to witness some amazing performances and vibe with their friends.

Machine Learning for Good Webinar Recording

Aim: To discuss how the healthcare infrastructure in India needs to rely on Machine Learning & Artificial Intelligence

Groundwork and Flow of the event:

26th July 2022: The PD Director proposed the idea to conduct a Machine Learning Webinar.

30th July 2022: Director approached the speaker and the last week of August was decided as a tentative date.

10th August 2022: Conducted a meeting with the speaker to finalise the dates and topics to be covered in the webinar.

16th August 2022: Registrations for the event started along with social media promotions.

28th August 2022: The webinar kicked off with the speaker's introduction, followed by a great session discussing the advantages of AI & ML in the healthcare industry. The session concluded with a Q&A session.

Impact Analysis:

It helped students to get a more detailed insight on the problems in the current healthcare industry and how it can be achieved with the help of Artificial Intelligence & Machine Learning.

Event Name: Pull Up Your Stocks

Start Date: 27th December 2022

End Date: 29th December 2022

Participants: 90

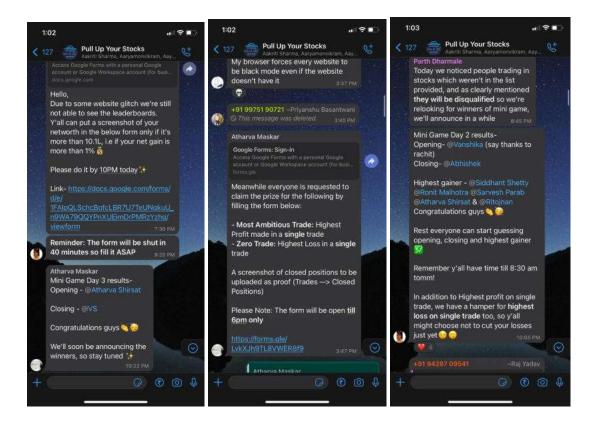

Income: 0/-

Expenditure: 0/-

Aim: To learn about various concepts of Stock Market through a fun

filled virtual Stock Market Competition.

Groundwork and Flow of the event:

27th November 2022: The PD Director proposed the idea of conducting a virtual stock market competition to the PRESSEC. A tentative date of December End was decided.

9th December 2022: After many discussions a platform was finalised.

10th December 2022: A meeting was conducted with the speaker to further work on the details and to finalise a date.

12th December 2022: Registrations for the event started along with social media promotions.

26th December 2022: The event kicked off with an Introduction to Stock Market Seminar by **Shreyans Sancheti**. He shared his insights on financial literacy and investing in stock markets.

27th December 2022: The first day started as participants invested their virtual money in multiple stocks. Multiple mini events were conducted like predicting the opening and closing points. Winners for Day 1 mini events were announced.

28th December 2022: Once again the participants were ready to invest their virtual money wisely. Similar to the first day, multiple mini events were conducted and the winners for the day were announced after the markets closed.

29th December 2022: On the last day, participants were extremely excited to achieve the highest gains and win the min games. At the end of the day, winners for the mini games were announced along with the highest and lowest gaining portfolios.

Impact Analysis:

This event helped students to apply their theoretical knowledge into action and learn from their mistakes. They got introduced to intraday trading and what factors to keep in mind while investing your money.

Event Name:Food For All

Avenue: International Service

Mode: Offline

Start Date: 16th October 2022 End Date: 16th October 2022

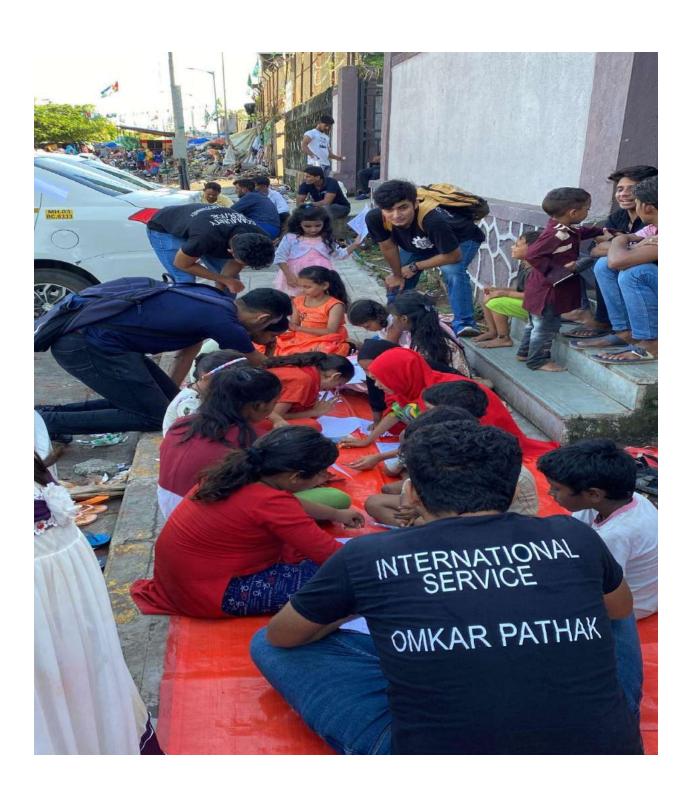

Participants: 26

Income: 0 /-

Expenditure: 0 /-

Aim: Conduct a food donation drive to celebrate World Food Day

Groundwork and Flow of the event:

Although we have made progress towards building a better world, too many people have been left behind. People who are unable to benefit from human development, innovation or economic growth.

In fact, millions of people around the world cannot afford a healthy diet, putting them at high risk of food insecurity and malnutrition. But ending hunger isn't only about supply. Enough food is produced today to feed everyone on the planet.

The problem is access and availability of nutritious food, which is increasingly impeded by multiple challenges including the COVID-19 pandemic, conflicts, climate change, inequality, rising prices and international tensions. People around the world are suffering the domino effects of challenges that know no borders.

Worldwide, more than 80 percent of the extreme poor live in rural areas and many rely on agriculture and natural resources for their living. They are usually the hardest hit by natural and man-made disasters and often marginalized due to their gender, ethnic origin, or status. It is a struggle for them to gain access to training, finance, innovation and technologies.

World Food Day catered as an amazing UN day to give back to the society and make our small impact through it.

To make this food donation drive possible, we partnered with **Robin Hood Army.**

The Robin Hood Army is a volunteer based, zero-funds organization that works to get surplus food from restaurants and the community to serve less fortunate people.

The drive started in the morning of 16th october in slum area in bandra west. The flow of event was as follows on the day:

- The donation drive started and food was distributed amongst all the children and their parents in the area.
- There were multiple interviews taken to understand the need and requirements of the people of the area.
- Multiple fun activities and games were conducted to mingle with the local children

Impact Analysis:

We live in a developing and technologically-powered world where enough food is produced to feed the entire population. Yet, with all means at our disposal, wastefulness and hunger coexist in this world. That is why food donation is more than charity-work. It is a win-win model of becoming an agent of change. Lending a feeding hand does not just benefit the recipient, it benefits the donor by improving the physical, psychological, emotional, and spiritual well-being.

The smiles of joy and satisfaction are the added benefits which make this cause much more impactful.

Event Name: Project Aarogyam **Avenue:** International Service

Mode: Offline

Start Date: 28th July 2022 End Date: 28th July 2022

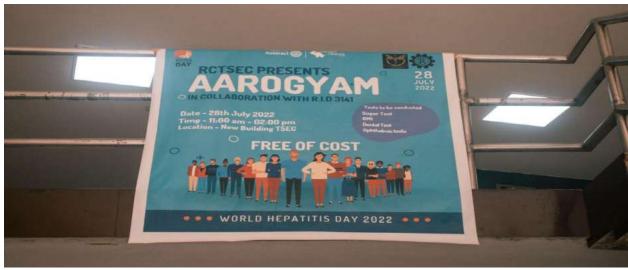

Participants: 24

Income: 0 /-

Expenditure: 2000

Aim: To host a Free Health Camp for the Students and Faculty of TSEC on the occasion of

World Hepatitis Day

Groundwork and Flow of the event:

The first step to good health was to make sure we start somewhere. The main aim was to give a good starting point to everyone regardless of their social and economic background.

Dental, ophthalmic and general body checks were conducted for all the participants. Free basic medicines were also provided to those who needed them. Powered glasses were provided at affordable prices to the non-teaching staff.

18th June, 2022: The International Service Director **Rtr. Omkar Pathak** came up with the idea of organizing a free health checkup camp for the students and faculty of Thadomal Shahani Engineering College in the college premises.

21th June, 2022: The President and Secretariat secured permission from the college authorities for the same.

17th July, 2022: The ISD Director contacted the **Rotaract Club of The Caduceus,** who agreed to collaborate with RCTSEC to set up the Health Camp.

21st July, 2022: The ISD Director co-ordinated with the **District 3141** Authorities and sought the necessary approvals, logistics and other arrangements.

28th July, 2022: All the club members assembled in the Student's Lounge at 9 am and made all the necessary arrangements for the Health Camp. The camp started with a small ribbon-cutting ceremony by the Hon. Principal of Thadomal Shahani Engineering College **Dr. G.T.Thampi,** followed by a welcome ceremony for all the doctors and MBBS interns present.

The camp began at 11 am and was run by final year medical students along with licenced medical professionals. The camp saw over 120 participants that included students, college teaching and non-teaching staff.

Impact Analysis:

Health awareness and fitness are the two aspects of life which are often neglected by the society at large but which are instrumental in shaping one's life and way of living. As the project's name suggests, **Aarogyam** or **Good Health** is the most superior form of wealth that a person can acquire and it is every human's basic right as well as responsibility, to stay healthy and active. Keeping this in mind, RCTSEC, in collaboration with District 3141 and the Rotaract Club of The Caduceus, successfully hosted a free general health check-up camp wherein around 120 people attended the camp and got themselves checked by certified Medical practitioners. By hosting this event, the participants were made aware about their general health.

Event Name: Founder's Perspective 1.0

Start Date: 20th September 2022

End Date: 20th September 2022

Participants: 80

Income: 0/-

Expenditure: 0/-

Aim: To gain knowledge on topics like fundamentals of fundraising, challenges faced while running a startup, etc.

Groundwork and Flow of the event:

1st September 2022: The PD Director and the PRESEC decided to conduct an event covering the basic fundamentals of fundraising and entrepreneurship.

3rd September 2022: Director approached the speaker with the idea, a meeting was conducted to finalise the details.

10th September 2022: Registrations for the event started along with social media promotions.

20th September 2022: The session started with the introduction of the speaker. The speaker shared his experience pitching in front of sharks in **Shark Tank Season 1.** He shared his insights on the challenges faced while running a startup. He covered various topics like fundraising fundamentals, how to pitch your idea, how to know if your idea is fit for the market, etc.

Impact Analysis:

This event helped the startup culture in college. Angad's insights on product creation and marketing definitely helped a lot of students to know more about the field.

Event Name: SMASH

Avenue: Sports

Event Date: 30/07/2022

Number of Attendees: 126

Venue: Andheri Sports Complex

Aim: A knockout style badminton doubles tournament to promote fitness and regular physical activity.

Pictures:

Groundwork & Flow of Event:

The event was a knockout format badminton doubles tournament. There were three categories in total: Men's Doubles, Women's Doubles and Mixed Doubles. The idea was to make sure that not only professional but also novice players could come together and enjoy the sport.

5th July: -

The Sports Directors brought up the idea of hosting a Badminton tournament. After the general discussion, **30th July(Saturday)** was selected as the date for the tournament.

10th July:

The aim was to make sure that the event was held at the highest standards therefore multiple badminton courts were seen and checked and finally, Andheri Sports Complex was selected as the venue for the tournament.

12th July, 2022:

Registrations for the event started and promotion of the event started on all social media platforms.

28th July, 2022:

The participants were intimated about all the rules and regulations of the tournament. The draws for all categories were also released.

30th July, 2022:

The Badminton tournament was hosted by RCTSEC as scheduled at Andheri Sports Complex. The tournament boasted around 50 teams in total and there were also a lot of people in the crowd who came to cheer for their friends.

Men's Doubles:

1st Place: Team Baddies

Runners Up: Team Star Hat Pirates

Mixed Doubles:

1st Place: Team Homies

Runners Up: Team Kashik's Team

Women's Doubles: 1st Place: Team Dot

Runners Up: Team Birdie Buddies

Impact Analysis:

We often forget and disregard our physical health and fitness throughout the busy lives we have started leading in this fast-paced world. This competition served as a reminder to everyone that taking care of ourselves can be enjoyable as well. Finding a partner to play with and coming up with the greatest team name were also important parts of the competition. The idea was not for just the best players to come forward and win it all, it was to make sure more and more people fall in love with this beautiful sport which was evidently achieved.

Event Name: Battle of Branches

Avenue: Sports

Event Date: 10/02/2022

Number of Attendees: 112

Venue: Andheri Sports Complex

Aim: To promote the sports culture in college while giving students a breather and an opportunity to bond over sports.

Pictures:

Groundwork & Flow of Event:

The **Rotaract Club of Thadomal Shahani Engineering College**, like every year, organized their Inter-Department Football Tournament popularly known as the "**Battle of Branches**". 14 teams from various subject departments of our college took part in an exhilarating 5v5 football tournament in order to rise up against all odds and be crowned as the "**BEST BRANCH**".

The cash pool of Ten thousand dollars accompanied with trophies for all the winners served as a sweet incentive. **25th August, 2022**: The Sports Directors **Rtr. Aditya Patil** and **Rtr. Varun Nagdev** presented the idea of organizing the Battle of Branches on 2nd October, 2022.

After discussing the entire rough flow with the team, the directors started contact various turf facilities around Mumbai in order to find a suitable venue for the event.

14th September: The directors started contact various turf facilities around Mumbai in order to find a suitable venue for the event.

20th September: The location was decided as **Andheri Sports Complex** and all the necessary payments to book the venue were made.

21st September: The registration form was made and circulated across all social media platforms.

28th September: The Sports Directors informed team members about team their responsibilities on the day of the tournament.

30th September: The Registration forms were closed and the match fixtures were drawn.

1st October: A common WhatsApp group was created for all the team members and the participants for smoother communication throughout the event. The list of Rules of Regulations was shared with the participants on the group. **2nd October**: The matches started at 10am and continued till 2pm. All the players gave it absolutely everything that they could for their team and put on a show of thrilling, nail-biting action-packed Football matches. It was a day full of cheering and intense matches between the teams. The event was powered by **Legit Energy** who provided energy drink cans to all the participants and audience present. The final match came down to **Call of**

Duty(Comps) and **EXTC Patakhas (EXTC)**. Team **EXTC Patakhas** ended up defeating Team **Call of Duty**, and were crowned as the Champions of the Tournament. The awards ceremony began when the tournament came to an end and the teams were presented with their trophies and cash prizes. The event was concluded with a Vote of Thanks for all the team members, participants and audience members for their co-operation throughout the event.

Impact Analysis:

Sports ideally should be a very important part of our daily lives. Simply playing a sport not only helps us maintain our physical and mental health but also teaches us cooperation, team bonding and healthy competition. But due to today's strenuous and sedentary work culture, we often simply neglect to include any sort of physical activity in our daily routine. Battle of Branches gave the participants an opportunity to showcase their talent and skills, take pride in representing their respective branches and compete against other rival teams in the race to win the title of the **Best Branch**. This event gave us the perfect opportunity to unite together and celebrate the spirit of the **Joga Bonito** (The Beautiful Game).

Event Name: Cricket Kurukshetra

Avenue: Sports

Event Date: 12/24/2022

Number of Attendees: 102

Venue: Andheri Sports Complex

Aim: To promote the sports culture by giving the students a platform to showcase their strength and skills.

Pictures:

Groundwork & Flow of Event:

The **Rotaract Club of Thadomal Shahani Engineering College** hosted its annual inter-branch Cricket Tournament "**Cricket Kurukshetra**" on 24th December, 2022 at Andheri Sports Complex. The tournament is a knockout tourney wherein 12 teams competed in a series of thrilling, action-packed matches to be crowned as the Champions

15th November, 2022: The Sports Directors Rtr. Aditya Patil proposed the idea of hosting RCTSEC's yearly Cricket Tournament in the month of December

17th November, 2022: After seeking the necessary permissions, the directors started contacting the owners of various AstroTurf grounds in the search of finding the perfect venue for the tournament.

8th December, 2022: Andheri Sports Complex was finalized as the venue for the tournament.

14th December, 2022: The official poster for the tournament and the pr message was circulated across all social media platforms and all the different WhatsApp groups of the college.

22nd December, 2022: The registrations were closed after receiving a satisfactory response from the participants.

23rd December, 2022: The draws for the tournament were devised by the Sports Directors and the list of rules and regulations was circulated ahead of the tournament.

24th December, 2022: The team assembled at the venue at 9am and made the necessary arrangements for the event. The event started as planned at 9:30am and at a given time, two matches were simultaneously being hosted on two separate members. The final showdown came down to the two most relentless teams in the tournament Bowljob vs IT Smashers who put up a great show of skill and strength in which IT Smashers managed to grab the title in a nail-biting finish.

The Umpires for the Tournament were:

- 1. Rtr. Rachit Arora
- 2. Rtr. Raghav Nair
- 3. Rtr. Meeraj Kanade
- 5. Rtr. Pratham Mottwaney
- 6. Rtr. Aditya Patil

Impact Analysis:

This event provided a great opportunity to all the participants to contest in a series of exciting, action-packed back to back cricket matches in the race for the title. Sports teach us a lot more about practical life but due to today's busy work schedules, we often don't get enough time to celebrate this quintessential aspect of life. **Cricket Kurukshetra** provided a platform to all the participating students to showcase their skills and strength and fight as a team against teams of other branches in a healthy competition for the crown. The event saw a rollercoaster of emotions, sportsmanship, healthy challenging as every player gave it his everything for his team, thus highlighting the true spirit of the game.

TSEC CODECELL PRESENTS DIVE INTO CODE

DATE: 27th AUG, 2022 **TIME:** 11.15 AM-2.15 PM

ABOUT THE EVENT

The team of TSEC CodeCell under the guidance of Prof. Tasneem Mirza, conducted "Dive into Code", a comprehensive and beginner-friendly workshop, where registrants experienced a peer-to-peer conversation with our experienced speakers **Tushar Nankani** and **Saket Thota**.

The workshop was held in the seminar hall with an audience of **84 students**. The CodeCell Team handled all of the marketing and advertising for the workshop on WhatsApp text channels, Instagram posts and stories on the official CodeCell account and members' accounts.

The speakers were introduced to the audience by committee members **Nidhi Kashyap**, **Gargi Sathe** and **Darshan Tailor** to kick off the session. Every piece of knowledge about competitive programming and DSA was covered throughout the workshop. The programme covered how to get started with CP, suggested techniques, being consistent, and year-by-year advice.

The speakers began by distinguishing between the need for Competitive programming and DSA. Saket explained how CP is a mind game/sport and how it helps in academics and increases grasping power indirectly. Solutions are hidden in the problem statement. CP is proven to be beneficial in passing technical interview rounds and obtaining employment. The course would be enjoyable since each challenge is different and calls for a fresh strategy and way of thinking.

The three steps for getting started were explained: Studying a language, Practicing it, and Entering a Contest. Choosing a language is challenging. It was advised for beginners to start with C++ or Java if they have prior experience. Python isn't recommended. Writing clean code is made easier by becoming familiar with libraries. Beginners should focus on issues that merely involve the conversion of ideas from paper into code and do not require high level concepts. Learn 'On-the-Go'. Train the brain by implementing concepts by solving problems and building projects.

Solving, Contests, Upsolving, and Editorial reading are four tactics to bear in mind. Frequent errors include misinterpretation of the problem statement, skip to code before fully grasping the question, and failure to pay attention to constraints are eliminated by observing the problem statement prior solving. Observe & Conclude - connect the observations and convert it into solutions on paper. Time and accuracy are important in contests and so is having an optimistic outlook. Ensure that the thoughts are exhausted on the first problem before switching to another. Upsolving (solving of unanswered questions from the contest) is crucial. Analyze the

problem statements and look for others' approaches/codes. Editorial contains advice, hints and solutions. Editorial reading involves understanding hints and considering each line individually.

ICPC, Google Kickstart and HashCode, Facebook Hacker Cup, and CodeChef Snackdown are some prestigious competitions to enter. ICPC-International Collegiate Programming Contest, where teams of three, represent their university and work to solve the real-world problems; compete regionally to world finals. Three to four problems must be solved in three hours in Kickstart. As participants receive a direct call from the recruiters, Kickstart offers fantastic opportunities.

Consistency is important. Create small peer groups to talk and develop together. It is not advised to solve problems with the same rating repeatedly; instead, increment by 100/200 when you're comfortable. When exhausted, stop solving, take a break, and start learning concepts.

It is suggested that FEs and SEs should focus on CP and explore new things. SEs should concentrate on practicing and participating in competitions the most. TEs should transition to a DSA-oriented strategy and answer previous year questions. For development 1-2 Novelty projects are enough. Operating Systems, DSA, OOPS, Computer Organization and Architecture, and Networking are the most crucial course topics for placements. Remember that "Pressure is a Privilege".

SCHEDULE OF EVENT

Introduction	11.15 AM
How do you Start?	11.35 AM
Strategies	11.53 AM

TSEC CODECELL PRESENTS RACE2STACK

ABOUT THE EVENT

The team of TSEC CodeCell under the guidance of Prof. Tasneem Mirza , hosted "RACE2STACK" , a fun-filled event where participants could compete in areas of Logic , Reasoning and Programming. The event was hosted on October 1st , 2022. The event began at 10:15 A.M. and went on till its successful conclusion at 6 P.M.

The event commenced with registration cum participants of **35 teams**, approx. **105 students**. The CodeCell Team handled all of the marketing and promotion for the workshop on WhatsApp messaging channels, Instagram posts and stories on the main CodeCell account and members' profiles.

The competition was separated into two stages, with stage one focusing on logical thinking and stage two on programming. Stage 1 was further divided into 4 rounds: Crossword, Loc n Code, Tic Tac Toe, Snakes n Ladders.

Crossword, the first round, was a puzzle consisting of a grid of squares and blanks into which words crossing vertically and horizontally are written according to clues. Participants were given 5 questions respective to the grids. Round 2 was Loc n Code. Participants were given a pdf file with a problem statement and another encrypted pdf file which also includes a different problem statement. The password to the encrypted PDF can be found by answering the first PDF question. The top three teams who finish this round are automatically eligible for Round 4. These rounds had no elimination. Round 3 was Tic Tac Toe. Teams were set to compete 1v1 with 10 common questions. They can mark X or O for each correct answer. All winning teams qualify for the 4th round. Last round for Stage 1- Snakes n Ladders. At even levels starting from the ground floor to the sixth floor, teams were given a problem statement through QR codes. After figuring out the assigned questions, they move on to the following floors. If they were unable to answer the initial question, they were given alternate questions. They had to return to the beginning in order to find alternates. All submissions were made through Google forms, and Stage 1 contact took place through designated committee members and WhatsApp groups.

The final round was solving questions about programming. Teams were given the option to choose from problems in the easy, medium, and hard portions, with each problem worth 30, 50, and 90 points, respectively. The many items they can purchase to construct a tower depend on the number of points they have gathered. The group that can construct the tallest one wins.

The Winners:

First Prize - Rs.3000 won by **CodeXplorers:** The leader Karthik Soneji (BE Computer Engg), along with his team members Hamza Khan (BE Computer Engg), and Atmaj Koppikar(BE Computer Engg).

Second Prize - Rs.2000 won by **kuch_bhi_chalega:** The leader Saket Thota (BE Computer Engg), along with his team members Prithvi Rohira (BE Computer Engg), and Vivek Namaye(BE Computer Engg).

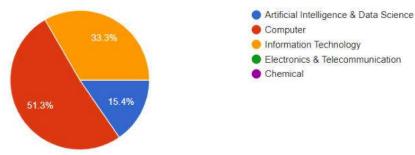

Third Prize - Rs.1000 won by **TechNerds:** The leader Riya Jain (TE Computer Engg), along with his team members Anirudh Prakash (TE Computer Engg), and Sainath Poojary(TE Computer Engg).

SCHEDULE OF THE EVENT

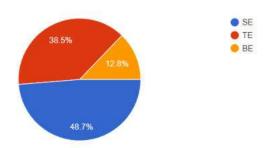

Opening Ceremony	10:00 AM - 10:25 AM
Stage 1 Round 1- Crossword	10:30 AM - 11:00 AM
Stage 1 Round 2- Loc n Code	11:15 AM - 12:30 PM
Stage 1 Round 3- Tic Tac Toe	1:00 PM - 2:00 PM
Stage 1 Round 4- Snakes n Ladders	3:00 PM - 4:00 PM

RACE2STACK

Solve, Build, Win!

STAGE 1

ROUND 2

SET 2

Lock & Code

From Jesse, they get to know the whereabouts of a guy called Simpy. Simpy is responsible for all the narcotic trades happening in that area. After days of futile efforts of searching for this him, the police finally find him. He might be aware of Hesigenberg's hiding. But when the cops try questioning him, he responds in a weird language which they aren't acquainted with. They call you, a linguistic expert. The Mopan guy says something along the lines of "pempem ixi'im" Your role is to figure out what the guy is trying to say.

ROUND 3- SNAKES & LADDERS

LINK:

https://acrobat.adobe.com/link/track?uri=urn:aaid:scds:US:2cbecac5-263c-4c00-bd4f-4459dc 9045e1

ROUND 4- TIC TAC TOE

TIC TAC TOE Round 3

- 1. What is the units digit of 88^47 98^37
- 2. You are given a stack in which elements are pushed in this order 10,9,8,7,6,5,4,3,2,1.

Now you perform a pop operation three times and then you again push 10,12,20. Now you perform a pop operation 5 times. Give the sequence of the elements which are there in the stack from bottom to top.

3. Sequence of output when n=5

```
Void fun(int n){
if(n==0) return;
fun(n--);
cout<<n<<endl;
}
```

- 4. Find the missing series 3, 7,47, 2207, ? Return answer as sum of all the digits.
- Letter which replaces '?'

N	252	R
т	500	Y
Y	400	P
к	132	L
G	182	?

6. Take 1's complement of 011000. Subtract 17 from it , then change it to hexadecimal.

TSEC CODECELL PRESENTS TSEC HACKS 2023

WEBSITE: http://tsechacks.tseccodecell.com

The team of TSEC CodeCell under the guidance of Prof. Tasneem Mirza , hosted its annual flagship event **TSEC Hacks 2023** , a 24 hour offline hackathon conducted from 2nd to 3rd of February. The hackathon provided the ideal setting for both professionals and novices to be surrounded by an innovative and creative atmosphere. The goal was to foster a culture of creative thinking and innovative ideas. A large number of young, aspiring programmers from various colleges, academic years, and streams participated in the event.

The event was promoted through a variety of channels and techniques. There were other social media sites used, including Instagram, LinkedIn, and WhatsApp. All college and class groups received promotional messages and posters. To raise awareness of the event, posters were placed up all over the campus and committee members participated in class promotions.

The teams had to work together to come up with innovative solutions to the given problem statements. Each team was assigned a mentor who provided guidance and feedback. The mentors also helped the teams refine their ideas and gave them valuable advice.

The teams were also given a pdf that contained all the rules and restrictions, and they were required to adhere to it strictly. The meals throughout the duration of the event were provided by Tsec CodeCell, and sleeping arrangements were also created so that the participants could rest at night. In addition, they received snacks in between meals and through midnight.

The flow of events during the hackathon was as follows:

• Day 1 (2nd February):

8:00 am: The registrations were immense and teams were allotted a lab and given the necessary details for the upcoming hackathon.

10:00 am: The opening ceremony commenced in the Seminar hall with all the team leaders and teaching staff in attendance. After the introductions and opening speech were made, the dais was then occupied by TSEC's principal Dr GT Thampi who encouraged and inspired all present with his thought-provoking words.

The problem statements for the hackathon were also explained by the SCOMs and all the doubts were cleared by them too.

11:00 am: The Hackathon was officially underway and all the teams started brainstorming and working on their selected problem statement. Committee members were stationed near all the labs where the teams resided to be able to help them as soon as they required it.

1:00 pm: Lunch was served to all participants and teaching and non-teaching staff who were part of the event.

4:00 pm: Snacks were again distributed amongst all present.

6.45 pm: The mentoring session according to the domains was started where every team was allotted a mentor that suited their domain. The session was conducted online on zoom in different breakout rooms and a committee member was also there to supervise.

9:00 pm: Dinner started simultaneously as the mentoring went on till 11 pm at night.

1:00 am: Midnight snacks were distributed amongst participants.

• Dav 2 (3rd February):

11:00 am: All teams were told to upload their projects on Devfolio and also be ready with their final ppts for the internal judging round.

11:30 am: The internal judging round started and there were a total of 7 panels that judged the teams according to their domain expertise.

3:00 pm: The top 10 teams that were shortlisted were announced and were then called for the final judging round. All the finalists were given the stage to present their prototype in front of an esteemed panel of judges. The presentation was followed by a questionnaire by the judges.

6:00 pm: After tallying all the judges' scores, the results were announced.

LOGISTICS:

Participants had to register for the hackathon on Devfolio. There were 234 teams that registered for the hackathon that comprised 1128 individuals. Out of these teams, 64 were shortlisted for the hackathon. The shortlisting process consisted of going through the team's resume and conducting a telephonic interview with the team leader.

There were 4 domains in the hackathon and the shortlisted teams in each domain were as follows:

Domain	Number of Teams
AI/ML	7
Blockchain	6
Social	15
Web/App	36

PRIZES:

Cash Prize Pool for the winners was ₹60,000

1st Position: ₹30,000 2nd Position: ₹20,00 3rd Position: ₹10,000

In addition to this, all the winners and participants were given various goodies as follows:

- ₹10,000 for the best hack built on Ethereum, or
- ₹15,000 for the best hack built on Ethereum + Polygon or
- Eligibility to apply for internship/full-time roles and seed funding of up to 5,000 USD for winners
- Free gaming vouchers to all participants registering at SMaaaSH stall on the day of the event.
- Wolfram One access to participants for 30 days (\$25 value)
- Wolfram One Personal Edition access to winners
- Wolfram Alpha Pro subscription for year with award letter for top 7 teams(\$375 value).
- 5000 INR to winning project (deployed on Replit)
- Eligibility to apply for internship/full time at Replit.

- ₹20000 for best use of IPFS and/or Filecoin.
- Sybgen course certificate exam vouchers for courses on Python, DevOps, Blockchain, ML, Data Science.
- Internship opportunity by PatilKaki.

MENTOR PANEL:

Web/App/Social	Devansh Jethmalani Ehtesham Siddiqui Naman Ambavi Pooja Patel Pranay Patro
AI/ML	Aditya Motwani
Blockchain	Gaurav Raj

INTERNAL JUDGING PANEL:

FINAL JUDGING ROUND PANEL:

- Sayak Paul
- Vishal Dubey
- Anil Harwani
- Deepankar Bhade
- Faiz Malkani
- Guruprasad Rao
- Deepak Choithramani

PROBLEM STATEMENTS:

WEB/APP

1. Find your flat + roommate

Finding the right property to live in and the right flatmate is a crucial task when moving to a new city/location. An inappropriate locality, property or roommate can make our life miserable. College students who have to relocate due to their college will be able to relate to this big time. People want to unlock new experiences and live in different places with new people. The process of moving is complex enough. When deciding where to begin a new phase of your life, it becomes crucial to be matched with a suitable roommate and house. How can you find the best flat + roommate combo for yourself? You'll need to consider safety, finances, and job prospects around the new locality and consider your roommate's Education, Work, Previous Experience, Smoking/Drinking habits, late night or any odd habits, Gender, Food Preferences, Hobbies, etc. It can be daunting at first, especially if you're new to an area.

Develop an application which helps people find a suitable locality, and the correct flat, according to their budget, as well as matches two roommates with similar interests just like a swipe right on Tinder or Bumble.

Potential Features:

- Options for the user to browse by any locality in any state, city, or zip/postal code.
- Displaying each state's affordable cities and localities, rent rates, career and
 opportunities and food options. Display details about the cost of living and
 statistics of the neighborhood (crime rate and user ratings).
- Consider the various types of users for the website.
- The user can view the profile information of different users to match with potential flatmates. User profile verification and authentication as a security measure.

2. Digi-Bart

In today's age of consumerism, people have accumulated a large number of products/artifacts that they may no longer need, or they might need a product that they are not willing to pay high prices for. There is a need for a portal where a barter-like system can be implemented as a web/app. The aim is to reduce unnecessary purchases of items that can now be obtained from people who don't need them. Consequently, it also helps people get rid of their old belongings.

Potential Features:

- This website/app should allow users to list their product and its description, including its condition, usability, age and overall value. Design an intuitive UI that will enable users to list their products easily.
- Users should be able to make offers for products they want in exchange for item(s) that they propose to give.
- Include a search functionality that allows users to view products they are looking for from users within a certain distance radius around them.
- Include a complaint portal where users can report dubious listings.
- Users should be able to rate profiles of users with whom they have exchanged products; this would help other users identify reputed users.

Note: You must also creatively devise a system to ensure that bartering on the web/app is fair in terms of the value of the products. This system would prevent lowballing and people from undermining their product's value.

3. Transaction analyzer

Tanmay is a friendly, nerdy, spendthrift person who primarily uses multiple banking and UPI services to make payments. He wants to save money for a new car and hence tries to analyze his spending patterns to know where he spends most of his money. This could help him cut down on unnecessary expenses or look for less expensive alternatives shortly. Moreover, it could also help him get exciting and valuable insights about himself. However, when he tries to analyze his expenditure, he realizes that he must go through multiple bank statements/transaction histories that are overwhelmingly long with little to no information to segregate them into categories reliably. He ends up spending hours on the weekend doing a lot of exhaustive mental work and feels the need for a platform where this could be done with much less effort than he already had to do.

Build an app or website that could help reduce the amount of work and eye-straining required to do the same and potentially provide many other valuable features and insights.

Potential Features:

- Uploading bank statement/document(s) that can be used to extract that information for supported banks or services for analysis.
- Integration of different banking/UPI services to the web app for real-time summary/analysis of data.

- Using transaction confirmation messages (from SMS, email or any other available options) to support any of the other potential features.
- Ability to categorize different transactions based on specific tags (for example, food, rent, movies, etc.).
- Providing different ways to view the analysis to be able to get a better understanding of the same, possibly along with some insights.

You can access the sample bank statements here. Feel free to show your creativity in different, unique, out-of-the-box ways to make it easier for people who want to understand their expenditures better and spend better than more for less.

• AI/ML

1. SmartPrep AI

As we all know, communication is an invaluable tool. Each of us has expertise in our respective fields, but some of us do not know how to convey our ideas to another person, especially in an interview. In an interview, we're judged on our communication, facial expressions, confidence, etc. Provide a platform/extension enabling users to improve their communication skills and confidence, by analyzing their facial expressions, answers to interview questions etc., using a dashboard. As an alternative, a chatbot could ask questions and analyze them to give suggestions.

Potential Features:

- Provide a dashboard for displaying the interviewee's progress, and all the options he/she has to prepare for the interview using AI.
- Implement a facial expression analysis system to gauge the emotions of job candidates during the interview process.
- Provide an analysis(text, graph etc.) of the performance of the interviewee and give them a summary of their standing in terms of readiness for an interview.
- Provide a multi purpose chatbot.
- The application should give articles and blogs as suggestions to users with respect to where they are lacking.
- The AI-powered interview preparation tool should implement tone and pitch analysis to help job seekers perfect their delivery and ensure they come across as confident and professional during the interview.
- The interview preparation software should allow job seekers to review recorded video mock interviews with precise timestamps, enabling them to easily identify areas for improvement and fine-tune their performance.

• Hand gestures: (for professional or casual meetings)

Dataset: https://ai.facebook.com/datasets/casual-conversations-dataset/

2. Network analysis of coordinated behavior

The One Fact Foundation would like the students at the hackathon to use the data we have collected to create the https://parrot.reports website to create useful analytical tools and extensions to study coordinated networks, toxic speech, conversations, accounts, and misinformation on social networks. You are not limited to using this dataset and can combine it with external datasets on fact-checks, news credibility scores, other news data collections and others available on dataset aggregators including Google.

Stage 1: Perform network analysis and visualize the kinds of coordinated communities that exist with respect to what kind of topics and content these coordinated communities tend to discuss. What is 'coordination'? The current Parrot Report site uses counts of any two accounts, X and Y, sharing the same article URLs, and checks how frequently they share the same article within a 5, 10, 15, ... 60 second window. If the window falls within 15 seconds, then it checks if these accounts have shared the same article URL multiple times in the past, within very short periods of time. If accounts X and Y share an article URL more than 5 different times, within a certain time limit of each other, we consider it to be 'coordinated inauthentic behavior' because both accounts may be promoting the same article to get it more visibility on Twitter.

Stage 2: Estimate the Harms from Coordinated Behavior: We would be interested in any application that can automate analysis of the intentions or agenda of such coordinated networks. What is possible to understand from the data is the trend of sharing specific articles relating to some controversial topics. There are specific behaviors of interest that can be measured, such as accounts promoting some hashtags, accounts targeting some political personality, or any other entity with a social media presence, accounts using hate speech and harassment to troll some other accounts, and so on.

Note: The above PS was just an summarized version of the original problem statement. We highly suggest all participants read through the below document which includes the original problem statement as well as information regarding the dataset.

Original PS: Dataset

BLOCKCHAIN

1. A DeFi App for Fund Allocation and Investment

In many cases, crypto users accumulate wealth but due to unavoidable circumstances they are no longer able to access their wallets such as in case of deaths and thus the funds are lost forever in that person's wallet. There is a lack of a system which can pass on these funds to the person's successor like a Will.

A defi App which takes custody of a person's funds and then according to the user's inputs it distributes the funds among a set of wallets after a period of time. For eg: A father writing a will in the name of his children with specific percentage distribution of each asset. The will needs to be incorporated for crypto assets using smart contracts.

Security points to be kept in mind: -

- A person who has created the smart contract should have the ability to pull out money or cancel the will whenever he wishes.
- The security of funds is critical and ways should be incorporated for its protection and fraud prevention.

The DeFi app should have a dashboard which shows all "Will" smart contracts and their details and the ability to modify or cancel the Will.

(This is an idea of what the crypto world needs, any creativity in implementation and extra security features will receive brownie points.)

Additional features to extend this application into a one stop Web3 Finance App:

- Get a loan of one asset against another asset. (For e.g.: A person can use an NFT which is of high demand in the NFT world to get cryptocurrency against it like ETH, USDT. A smart contract/system which can overlook proper ownership of assets during and after the loan period):
 - → Once the loan is repaid the NFT/asset should go back to its owner.
 - → In case of failure of loan repayment, the NFT's new owner should be the lender.
- Stake and get rewards. (Initially this DeFi app can have its own native currency which can be integrated with the app and distributed as rewards)

2. Zero knowledge proofs for healthcare

Using Health Records on Blockchain to provide ZKP (Zero Knowledge Proof) to Insurance companies and provide proof of major diseases, age, genetic disorder.

Sometimes you would like to prove that you have authorization or have been diagnosed with a disease without giving out the exact report to the insurance company, zero knowledge proofs are the perfect application for this and this ensures some level of privacy. This on a larger scale could help contribute to research while staying compliant with regulations such as HIPAA.

- Set up a token for some major diseases and prove that a person has this token.
- Make an interface for the insurance company to give a quote on the basis of diseases, age, genetic disorder and any other factors and allow them to request applicants for the access of the same tokens.
- Make an interface for the user to approve access to this token by an insurance company and receive a quote

Bonus:

- A system for the doctor to issue tokens in case of change in disease status or any new discoveries.
- Have different tokens for different ranges of diseases like diabetes, BP etc in order to determine premium and eligibility.
- Any other creative features or USPs

Ref: https://github.com/celer-network/rollup-contracts https://github.com/matter-labs/awesome-zero-knowledge-proofs

- SOCIAL CAUSE
- 1. Ability in Disability

Finding a job gets tougher for people with disabilities. For every 10,000 employees in FY18 - FY21, 30-32 people have disabilities and for FY22 this number boils down to 29 people. India has almost 3 crore people with disabilities (PWD) of which around 1.3 crores are employable but only 34 lakhs have been employed across the organized sector, unorganized sector, government-led schemes or are self-employed.

Our aim is to provide an exclusive platform through which equal opportunities are provided for the growth and development of disabled people (children and adults) in order for them to live better lives. You should include people with all kinds of disabilities ranging from physical disability to mental health and visual impairment.

Potential Features:

- A platform that enables people with disabilities to find a job/freelance project (Job should include Tech to art everything).
- Online training/counseling sessions and information centers about schemes offered by the government and various NGOs.
- A feature that enables disabled users to report public spaces which are not under PWD already, to authorities.
- Resume maker with voice command.
- Chat assistant to enable visually impaired people to use all the functionalities of the application to its best. (Note: This covers only one problem, you have to think of all such problems.)
- Blogs for motivating people with mental disabilities and keeping them cheerful all the time.

Note: Take into account people who are visually impaired and have other disabilities impairing accessibility.

2. Medi-Share

India's pharmaceutical industry is losing around Rs 500 crore (Rs 5 billion) annually on account of destruction of expired drugs, hitting the bottom line of drug manufacturers, especially the small and medium ones.

There are times when medicines are unused in a household and end up being expired. Develop an application to collect and distribute unused medicines to needy people taking into account its expiry date. Create a Medicine bank, so that whoever comes to us with a requirement, we should be able to fulfill it. More like a "COMMUNITY PHARMACY" which is free of cost.

Potential Features:

- Portal for appointing/ management of volunteers to help the NGO's for collecting unused medicines and volunteers who live in the vicinity to collect it on old peoples' behalf.
- Segregation/management and tracking the usage of the collected medicines. There should be a cap on the quantity of medicine that is being supplied to the consumer in order to avoid misuse of medicines.
- Creating a local community so that doctors can take out time and help the NGO.
- Proper dashboard to see which medicine is used for what illness and an expiry date alert feature.
- Connecting users with the relevant NGO and charitable trusts.
- Broadcasting of medicine requirements within the connected NGOs.
- Reward system for donors of medicine as an incentive for the good cause.

WINNERS:

First Prize: MangoDB (D.J. Sanghvi, Mumbai)

- Hetvi Solanki
- Drishti Dhingani
- Avish Jain
- Vinit Shah

Second Prize: DevShaks (Thakur College of Engineering, Mumbai)

- Prathik Shetty
- Jayesh Potlabattini
- Roshan Patil
- Hrishikesh Yadav

Third Prize: Knights Of Code (D.J. Sanghvi, Mumbai)

- Krish Shah
- Bhargavee Chavarkar
- Anaida Lewis
- Sahil Doshi

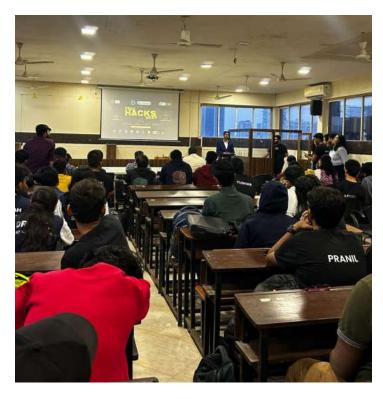

FEEDBACK:

The judges, mentors, and participants all gave really positive feedback in the end.

INSTITUTION OF ELECTRONICS AND TELECOMMUNICATION ENGINEERS

TSEC STUDENT CHAPTER

EVENT REPORT

TSEC

The Institution of Electronics and Telecommunication Engineers (IETE-TSEC) held its annual Technical Fest Elan from 7th to 9th October, 2022. This year, the fest was conducted offline with a lot of zeal from all participants and the organising committee members. It consisted of five highly educational workshops and fun events.

Official Poster for Elan 2022

The schedule for the fest was as given below:

Date	Time	Event
7st October, 2022	10:45 am	Opening Ceremony
7 th October, 2022	11 am-2 pm	Let's Crack It! A placement panel
7th October, 2022	7 pm to 10 pm	Pitch Perfect- A start up innovation competition
8 th October, 2022	10 am to 12 pm	Blockchain Workshop
8 th October, 2022	1 pm to 4 pm	Inquizition- A technical trivia
9 th October, 2022	1 pm to 3 pm	Codequest- A C programming competition

All registrations were taken via our website!

1. Opening Ceremony

The fest began with an Opening Ceremony which was held on 7th October in the foyer area at 10:45 am. The Principal Dr. G.T. Thampi and our Branch Counsellor for IETE TSEC – Dr Tanuja Sarode was present for the same along with various other teachers from AI & DS, Comps, IT and EXTC department. The esteemed Principal gave an inspiring and motivational speech in front of all the committee members and attendees, commending the efforts of IETE and highlighting the importance of newer age topics like blockchain, big data, innovation and competitions and workshops which

This was followed by a short speech from the Chairperson of IETE-TSEC – Ms. Yashna Dawda describing the events scheduled for the fest and giving an approximation of the footfall of the same.

facilitate the same. Elan'22 was thereby declared open!

The principal congratulated the Committee and wished everyone the best, thus concluding the opening ceremony.

A still from the opening ceremony featuring Dr. G.T. Thampi, Dr. (Mrs.) Tanuja Sarode and other teachers from Comps, IT, EXTC AND AI and DS

2. Let's Crack It! - A placement panel

• Description:

Lets Crack It was a placement panel which was made in a talk show format in which our committee members interacted with 5 placed students from different offers who bagged some really good offers in their fourth year. The students included, Mr. Saket Thota, Mr. Rishabh Raghuvanshi, Mr. Parth Cheulkar, Ms. Tanya Chandnani, Ms. Nidhi Walavalkar and Ms. Megha Gohil. The workshop was followed by a short segment by Ms. Monica Tolani who gave some very insightful wisdom about placements and their process and importance. The event was led by Ms. Yashna Dawda and Ms. Ananya Garg.

• Footfall:

Over 135 participants had registered for this event.

3. Pitch Perfect- A Start-up innovation Competition

• Judges:

Round 1:

- Ms. Juhi Janjua
- Ms. Glynis Machado
- Ms.Kumkum Saxena
- Ms. Himani Deshpande
- Mr. Sachit Nalaskar
- Mrs Vandana Kadam
- Dr. Poonam Soni

Round 2:

- Mr. Sanket Lahoti
- Mr. Shashank Singh
- Ms. Sonakshi Gupta
- Mr. Utpal Joshi

• Description:

The competition was based on the concept of shark tank where we received business ideas as entries and in round 1, shortlisted 8 teams out of which 3 emerged as the winners. We were fortunate enough to have one of the most eminent and experienced judges both in round 1 and round 2.

Round 1 was held online on 7th whereas round 2 was held online on 9th of October.

It was leaded by Ms. Ananya Garg and Mr. Amogh Patil from the senior committee members and was later posted on LinkedIn by Ms. Sonakshi Gupta.

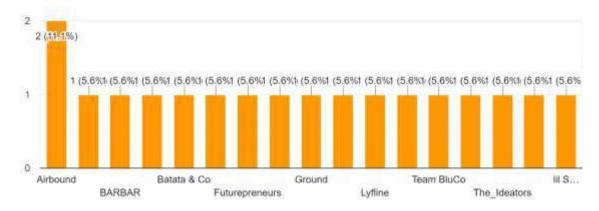

• Footfall:

Official poster for ML Workshop

Had an engaging time last Sunday, judging the business plan competition organized by The Institution of Electronics and Telecommunication Engineers (IETE), Thadomal Shahani Engineering College.

Was fortunate to witness some thought provoking ideas, along with co-judges, **Utpal Doshi** and Shashank Singh.

Cheers to the organizing committee for executing it so well!

4. Blockchain Workshop

• Speaker: Mr. Ali Solanki

• Description:

This workshop consisted of a step-by-step guide on how to make your own cryptocurrency and Mr. Ali Solanki made sure to have a very interactive and fun session with 2^{nd} and 3^{rd} year students of TSEC. By the end of the workshop they had made their own crypto token from scratch.

• Footfall:

Team IETE-TSEC

As a whole, Elan 2021 was a huge success and it was only possible because of the combined efforts of the entire team of IETE TSEC. All the members worked extremely hard to organize and conduct all the events in the fest.

Conclusion:

The team of IETE TSEC is proud to announce that the Elan 2022 was a huge success with a footfall of over 250 participants!

INSTITUTION OF ELECTRONICS AND TELECOMMUNICATION ENGINEERS

TSEC STUDENT CHAPTER

EVENT REPORT

Oscillation 2023

The Institution of Electronics and Telecommunication Engineers (IETE-TSEC) held its annual even semester Technical Fest Oscillation from 10th—12th March, 2023. This year, the fest saw some really great events which aimed at fostering a technical-based approach to seemingly fun activities and tasks. It was also one of our most revolutionary fests as we held our first ever mini technical hackathon with the aim to encourage new coders to delve into the coding world without much hesitation. We partnered up with various sponsors like BeReal. Godrej, SIEC Education etc.

Official banner of Oscillation'23

The schedule of the fest is given below:

Date	Time	Event
10'th March.2023	10:30 am	Inauguration
10'th March.2023	11am-12pm	Resume Building Workshop
10'th March,2023	12:30pm-5pm	IPL Auction
11'th March'2023	10am-4pm	Newbiethon
12'th March,2023	11am-4pm	Technical Murder Mystery

All registrations were taken via our website in which google forms were integrated!

1. OPENING CEREMONY

The fest began with an opening ceremony which was held on 10th March in the foyer area at 10:30 am. The esteemed Principal Dr. G.T. Thampi sir and our Branch Counsellor for IETE-TSEC-Dr. Tanuja Sarode was present for the same along with all the teachers of Comps department.

Dr. G.T. Thampi was felicitated with a bouquet as a mark of respect and gratitude for his guidance and support which allows us to conduct fests like these. Sir gave an inspiring and thoughtful speech in front of all committee members and attendees, commending the efforts of IETE and highlighting the importance of healthy competitions, extracurricular activities, cutting-edge technologies like Big data, Artificial Intelligence and our efforts in bringing events which promote the same.

This was followed by a short speech from the Chairperson of IETE-TSEC-Ms. Yashna Dawda describing the events scheduled for the fest and giving an approximation of the footfall for the same.

The Principal Sir congratulated the committee and wished everyone the best, thus concluding the opening ceremony.

A still from the opening ceremony

2. Resume-Building Workshop

Description:

On 10th March from 11am-12pm, Ms. Meet Merchant, a TSEC Alumnus working in JP Morgan since 2 years, conducted a resume building workshop. The workshop covered all the important points of creating an effective resume, including the structure, content, and formatting. Ms. Merchant provided tips and tricks for making a standout resume and gave real-life examples of resumes that stood out in the hiring process. Attendees were also given the opportunity to ask questions and receive feedback on their own resumes. Overall, the workshop was informative and useful for anyone looking to improve their resume-building skills.

Footfall:

126 Participants along with some additional on-spot registrations were seen for this workshop. Total people in attendance amounted to around 170 attendees!

3. IPL Auction

Description:

The IPL Auction competition held on 10th March from 12:30 pm to 4 pm was an exciting event that involved the use of advanced data analytics and machine learning techniques. The competition aimed to simulate the real-life IPL auction process, where team owners bid for players based on their skills and performance statistics. Participants were given access to a large dataset of player statistics and were tasked with building machine learning models to predict player performance and value.

Participants had to analyze the data and build predictive models, which were then evaluated based on their accuracy and performance. The competition also involved real-time bidding simulations, where participants had to make strategic decisions based on their models and budget constraints.

Overall, the IPL Auction competition was a highly technical event that showcased the power of data analytics and machine learning in the world of sports. It provided participants with a valuable learning experience and helped them develop their skills in these cutting-edge technologies.

Footfall: A total of 10 teams which amounted to 33 participants!

Participants list:

Team Name	Team Leader Name	Team Member 1 Name	Team Member 2 Name
Pink Smashers	Dev Khatanhar	Hriday Kampani	Anirudh Acharya
2. Mumbai Royals	Nikhil Khatri	Kushal Tejwani	Ashish Lalwani
3. Night Watchman's	Ronak Wadhwa	Mayank Patil	
4. 49 all_out	Gaurav Panjabi	Sahil khatri	
5. 49 all_out	Gaurav Panjabi	Sahil Khatri	
6. Alpha-Q	Ishan amesar	Ashwin khubchandani	Anish dayani
7. IT SMASHERS	Vedant Shinde	Samarth Shanbhag	Aneri Shah
8. Mumbai Mavericks	Ved Gadge	Vedant Pathak	
9. Avalanche	Aditya	Aryan razdan	Kunal
10. Beedi	Rugved Mairal	Meet Shah	Tiya Mehta
11. Ambani ke Pille	Rishi Dinga	Aryan Mulchandani	Paras Kalyani

Official Poster for the event.

4. NEWBIETHON

Description:

NEWBIETHON was a 4-hour mini hackathon aimed at encouraging beginners to explore the world of coding and software development. The hackathon provided participants with a fun and supportive environment to learn new skills and work on exciting projects.

Participants were given a set of challenges to complete, which ranged from building simple websites to creating basic applications. Mentors and experienced developers were available throughout the event to provide guidance and support to the participants.

The hackathon also provided participants with an opportunity to network and connect with like-minded individuals in the tech community. The event concluded with a presentation of the projects, where participants had the opportunity to showcase their work and receive feedback from the judges.

Overall, NEWBIETHON was a great learning experience for beginners, and provided them with a platform to explore their interests and develop their skills in coding and software development.

Detailed Flow of events:

- 1. Problem Statements (Web Dev Only)
 - a. Social Cause Website / Earthquake Detection??
 - b. Hawker Business promotion Website.
 - c. Organ Donation Website.
 - d. Hackathon Registration Website.
 - e. Migratory Birds Info or Animal Welfare.
 - f. 10th March Night Release date.

2. Logistics?

- a. Registration form Logi.
- b. Registration Fees Scoms Decision.
- c. Allot teams to labs Logi?
- d. Assign labs to volunteers.
- e. Refreshments Marketing?
- f. Max Capacity Depends on No. of Labs we get?? (30-35 teams?)
- g. Installation / Make Labs ready for Hackathon Tech Team.

3. Introduction (1 - 1.5 Hrs)

- a. Speakers for Intro & PS Tech Team (30 mins)
 - i. Explanation of Newbiethon.
 - ii.Overview of Schedule.
 - iii. Explanation of PS and Intro to basic Web Dev Tech.
- b. Speakers for Orientation Hackathon Winners (30 45 mins)
 - i. Hackathon Tricks and Tactics.
 - ii.ldeal workflow / Time management.
 - iii.Presentation skills
 - iv.10-15 mins Q & A

- 4. Hackathon (5 hrs)
 - a. Coding1 (2hrs)
 - b. Refreshments (1hr)
 - c. Coding2 + Presentation Prepare (2hrs)
- 5. Presentation + Judging (1.5 hr)
 - a. Demo/Presentation to judges in 10 mins / team. (1 hr)
 - b. Judging
 - i. Sakshi Ma'am
 - ii.Kum Kam Ma'am
 - iii.Nabanita Ma'am
 - iv.DK Ma'am
 - v.Juhi Ma'am
 - vi.Tanuja Ma'am
 - vii.Tasneem Ma'am
 - viii.Aarti Ma'am
 - c. Judging Criteria (40 Points Max.)
 - i.UI/UX (8 Points)
 - ii. Understanding of tech used by them (10 Points)
 - iii. Features of Project (8 Points)
 - iv.Presentation/Demo Skills (8 Points)
 - v.Scope/Usability of Project (6 Points)
 - d. Prizes Marketing

Problem Statements:

Hackathon Registrations

Design and implement a website which accepts hackathon registrations. Give it a catchy name, ask for all the necessary information and make the website attractive. Ensure to provide all the details about the hackathon.

Potential Features -

- 1. A timer counting down to the hackathon day.*
- 2. Registration form*
- 3. A section dedicated to the sponsors of the hackathon.*
- 4. Contact information for doubts and a FAQ's section.*
- 5. A timeline detailing the unfolding of the hackathon from registrations till the end.*
- 6. A short video/carousel over the hackathon details.
- 7. General information about the organizers.

Hawker's Help

An unique solution that would help to include informal vendors in the public space development without compromising on Urban Design.

Potential Features -

- 1) Registration of vendors on the platform.*
- 2) Create an economical informative page with waste management techniques they can use.*
- 2) A system that requires vendors to meet certain hygiene and safety requirements before being allowed to operate.
- 3) A map that displays the locations of vending zones in public spaces. (Look up Google Maps API).

Animal Shelter and Welfare

Make a user friendly web app for Animal welfare. The abandoned street animals can be accommodated in such shelters. Include a section for reporting animal cruelty.

Potential Features -

- 1. Registration of animal shelter organisations*
- 2. Include a section for reporting animal cruelty.*
- 3. Lists of shelters which can accommodate animals categorized by area.*
- 4. Include a section for connecting users with veterinarians.
- 5. Donation to Animal Shelters and Welfare organizations.
- 6. Volunteering section for specific organizations as per need.

Migratory Birds Info.

Migratory birds play a crucial role in maintaining the ecological balance of our planet. However, due to climate change, habitat loss, and other human activities, many migratory bird species are facing extinction.

To address this issue, we need to raise awareness about migratory birds and their welfare. We want you to build a website that promotes the welfare of migratory birds and educates people about their importance.

Here are some possible features that your website could include:

- 1)Static map image showing migratory bird routes and important stopover sites*
- 2)Educational content about migratory bird species, their habitats, and migration patterns*
- 3)Information on how human activities such as habitat destruction, pollution, and hunting affect migratory birds*
- 4)Tips on how individuals can reduce their impact on migratory birds and help protect them*
- 5)Have registration forms for local conservation efforts.*
- (Optionally could also include a counter for no. of volunteers registered)
- 6) Contact info. directory/page of local conservationists, NGOs etc.

Organ Donation

The website should have a user-friendly interface that simplifies the registration process for organ donation. It should allow users to fill in their personal and medical information, and make it easy for them to update their donation preferences. The website should also have a database of registered donors and recipients, with features that enable them to find suitable matches based on their compatibility.

Features :-

- 1*.)Information about Organ Donation: The website should provide accurate and up-to-date information about the organ donation process. This includes sections on frequently asked questions, eligibility criteria, and the benefits of organ donation. The website should also dispel myths and misconceptions about organ donation and promote awareness about the importance of organ donation.
- 2*.)User Registration: The website should allow users to register as organ donors or recipients. The registration process should be simple and easy to follow
- 3.)Donor and Recipient Search: The website should have a search feature that allows registered donors and recipients to find the exact other. (Hardcoded would also be fine)
- 4.) Success Stories and Testimonials: The website should feature stories of successful organ donations and testimonials from donors and recipients. These stories should inspire and motivate visitors to sign up as organ donors.
- 5*.)Organ Donor Events: The website should have a section for organ donation events and campaigns, which can be organized by non-profit organizations, hospitals, and other entities. This section could include information about upcoming events, success stories from past events, and how to get involved.

6.) Personal and medical information: The website should allow users to fill in their personal and medical information and make it easy for them to update their donation preferences.

Footfall: A total of 25 teams which had 3 participants each were in attendance.

5.MURDER MYSTERY

Description:

The event was a murder mystery challenge where participants must use their technical skills to solve a crime. In the first round, our junior committee members were given characters with specific dress-up and they are interrogated by investigators who ask for digital evidence to piece together the suspect's whereabouts and motives using digital forensics and network analysis.

In the second round, participants were given a room set up like a murder scene, and they must use their technical skills to collect clues such as footprints, fingerprints, and DNA samples. They had to analyse digital devices found at the scene, such as mobile phones or laptops, to gather additional evidence.

In the final round, three separate rooms were set up for each suspect. Participants must use their technical skills to access each room and gather evidence while avoiding detection. The evidence collected in each room will help participants identify the real culprit and solve the murder.

Throughout the event, participants encountered technical challenges such as hacking into locked devices, analysing data, and using various forensic techniques to gather evidence.

<u>Footfall:</u> There were a total of 29 teams with 3 participants each. Therefore, there was a total of 87 participants.

Participants list:

1.	Team Name
2.	Crime patroll

TEAM IETE-TSEC

As a whole, Oscillation'2023 was a huge success and all the events that were held had really good response. All events were full-house and our Scom and Jcom team worked for months to make this fest come to life with such grandeur and exuberance.

Senior Committee Members

Junior Committee Members

<u>Conclusion:</u> The fest was officially the last fest of the tenure 2022-23 and all Scoms and Jcoms worked hard in a strong unit to help organize it. Therefore, Oscillation'23 was a grand success with an overall footfall of around 324 participants which was inclusive of FE's, SE'S, TE's and BE's from TSEC as well as from colleges from all over Mumbai!

Report Presented On

"CODEISSANCE 2022"

TSEC CodeStorm
Thadomal Shahani Engineering College

Codeissance'22

About the Event:

Event Name: Codeissance Hackathon

Schedule: 23rd – 24th September, 2022

Duration: 24 hours

Mode of Conduction: On campus

Number of Teams: 56

Mentors: Dr. Madhuri Rao

Prof. Chetan Agarwal

Prof. Sanober Shaikh

Challenge Tag: #ScriptingTheStorm

Overview of TSEC CodeStorm

TSEC CodeStorm provides a proficient platform for coding and software development. Our mantra is "Opportunities don't happen, you create them." And hence our objective is to expand and surge opportunities for aspiring coders through our events and workshops. The committee collocates various events to monitor applicability of existing standards, codes and best practices. It offers technical expertise to other strategic initiatives. The committee prompts coding interests by updating people with new technologies and their corporate applications based on trending technical platforms and frameworks every week. The committee organizes various workshops and coding competitions to make students take a step ahead towards their glowing career.

Overview of Hackathon'22

TSEC CodeStorm conducted its annual Hackathon, Codeissance 2022 via the on campus mode. Our focus was to help the participants learn and apply their knowledge of technical skills in the background of the ongoing pandemic. Hence, we came up with an all-India level Hackathon so as to provide a platform for the students to showcase their skills and put their best foot forward.

56 teams competed against each other in the following domains:

- Social Cause
- Web/App development
- Block Chain

Out of the 56 teams, 10 teams qualified for the final round.

The cash prizes were as follows:

Winners: INR 25,000 split between the two winning teams as 12,500/-each.

The winners were awarded internship opportunities from our sponsor, InternKhoj. They got a 1 year membership on Rize. All participants got a 5 years membership on Taskade and winners were awarded a lifetime subscription. All participants were given 90 days extended trial of Balsamiq cloud along with individual licenses to all jetbrains tools.

The Hackathon was organized and planned by 28 members and was managed by 3 teachers and our principal Dr. G.T. Thampi.

Winning Teams

Winner 1: kppp

<u>Problem Statement:</u> An application to equip the common man with the emergency services pertaining to house crimes, disaster management, etc.

College: Thadomal Shahani Engineering College

Group Members: Krishana Dave, Prajwal Dhule, Piush Paul, Puneet

Bhatia

Winner 2: Dragon

Problem Statement: NFT App built on Polygon.

<u>College</u>: Thadomal Shahani Engineering College

Group Members: Krshit Shah, Hritik Hassani, Yash Shah

ABOUT THE COMMITTEE

CodeTantra is the newly formed technical committee of Thadomal Shahani Engineering College. We have successfully organized Need For Code'22 and look forward to associating and collaborating with institutions around us and hosting webinars, seminars, tech fests, and other technical events in the near future. Our objective is to expand and surge opportunities for aspiring coders through our events and workshops. The committee collocates various events to monitor the applicability of existing standards, codes, and best practices. It offers technical expertise to other strategic initiatives. The committee prompts coding interests by updating people with new technologies and corporate applications. The committee organizes various workshops and coding competitions to make students take a step ahead toward their brilliant careers.

JOMAIN WEB/APP

PROBLEM #1

REAL-TIME TRACKING OF STUDENTS' LEARNING OUTCOMES AND THEIR ACADEMIC PROGRESS IN SCHOOLS.

CURRENTLY IN SCHOOLS, TEACHERS TRACK STUDENTS' LEARNING OUTCOMES THROUGH REPORT CARDS WHICH ARE PREPARED MANUALLY. THIS IS A STANDARD PROCEDURE FOLLOWED THROUGHOUT THE COUNTRY. IN THE CURRENT SITUATION IT IS NOT POSSIBLE FOR A TEACHER TO PAY ATTENTION TO EVERY STUDENT AND FIND OUT THE BEST IN A CHILD.

HENCE THERE IS A NEED TO DEVELOP SOLUTIONS WHICH TRACKS ACADEMIC PROGRESS OF A STUDENT IN REAL TIME. INNOVATION IN THIS DOMAIN WILL BE APPRECIATED TO DEVELOP SYSTEMS WHICH AUTOMATICALLY READS THE STUDENTS PROGRESS AND GENERATES FEEDBACK, IT IS ALSO A GOOD WAY TO PROCEED.

PROBLEM #2

EVENTS SCHEDULER

COLLEGE IS AN INTEGRAL PART OF A STUDENT'S LIFE AND THIS IS BROUGHT UPON BY THE NUMEROUS SOCIAL AND EDUCATIONAL ACTIVITIES CONDUCTED THROUGHOUT THE YEARS.

AT TIMES THESE EVENTS CAN CLASH AND THE PERMISSION PROCESS ADDS ON TO THE DIFFICULTIES FACED. THE LONG VICIOUS CYCLE OF MAKING SURE THE DATE IS FREE AND APT FOR THE EVENT JUST ADDS TO THE PROBLEMS THE STUDENTS ALREADY FACE.

A WEB/APP THAT STREAMLINES THE ENTIRE PROCESS OF CHECKING FOR FREE DATES AND MAKING THE TASK OF GETTING PERMISSION EASIER. ADDING FEATURES LIKE AN ACTIVITY PAGE TO SEE WHAT IS HAPPENING AROUND THE COLLEGE AND ALSO MAKE THE WORK OF THE ORGANISING COMMITTEE EASIER.

RESEARCHING AND FINDING THE DIFFICULTIES THAT STUDENTS ARE MET WITH AND FINDING A SOLUTION FOR THE SAME.

PROBLEM #1

E-COMMERCE RECOMMENDER SYSTEM

A POPULAR WAY TO SELL PRODUCTS ONLINE IS THROUGH THE FORM OF DROP-SHIPPING. THIS INVOLVES SOURCING YOUR PRODUCTS FROM A THIRD PARTY AND THEN HAVE THEM SHIP THE PRODUCT DIRECTLY TO YOUR CONSUMERS.

BUILD A WEBSITE THAT HELPS BUYERS BY INTRODUCING SOME FORM OF RECOMMENDATION SYSTEM USING MODELS/

SENTIMENTAL ANALYSIS, AND SELLERS BY DISPLAYING CURRENT TRENDING CATEGORIES OR A PRIORITY-BASED SYSTEM FOR CERTAIN CATEGORIES OF GOODS.

PROBLEM #2

SMART CAREER CHOICES AND AI-BASED COUNSELLING

THE GRUELLING PROCESS OF CHOOSING THE RIGHT CAREER PATH IS SOMETHING ALL OF US DREAD TO FACE.

DESPITE THE UNLIMITED RESOURCES AVAILABLE ONLINE FINDING THE RIGHT ONE FOR YOU AND YOUR CAREER IS A HERCULEAN TASK.

CREATE AN AI-BASED CAREER COUNSELLING SYSTEM THAT CAN HELP MAKE THE PROCESS EASIER AND SIMPLER.

ALSO PROVIDING A PLATFORM TO STUDENTS IN DIFFERENT WALKS
OF LIFE TO INTERACT AND GET PERSPECTIVE.

SOCIAL CAUSE

PROBLEM #1

PET FINDER

ONLY 10% OF THE DOGS BORN FIND A PERMANENT HOUSE. EACH YEAR, APPROXIMATELY 2.7 MILLION DOGS AND CATS ARE KILLED EVERY YEAR BECAUSE THEY AREN'T ABLE TO FIND A FOREVER HOME.

PAWS HUNGER AIMS TO BUILD AN APP/WEBSITE TO HELP AND SOLVE OR REDUCE THE PROBLEM.

POTENTIAL FEATURES:

- CAPTURE AND STORE IMAGES OF ANIMALS WHO NEED A HOME.
- TRACK AND STORE THE LOCATION OF THAT ANIMAL THAT NEEDS SHELTER.
- MAPS CAN BE USED TO PLOT LOCATIONS FOR EXISTING ANIMAL SHELTERS.
- MAKE A PLATFORM TO BUILD A COMMUNITY OF PEOPLE WHO CAN, COMMUNICATE, AND CHAT WITH OTHER POTENTIAL SHELTERS AND FOSTERERS.
- A PLATFORM TO COLLECT DONATIONS LIKE FOODS, MEDS, COLLARS, ETC.

WOMEN'S SAFETY PLATFORM

WOMEN'S SAFETY HAS BEEN A TOPIC OF CONCERN REGARDLESS OF THE TIME AND AGE.

DESPITE THE SURGES OF INDEPENDENCE WOMEN HAVE GOTTEN, THIS TASTE OF BEING SELF-SUFFICIENT HAS BEEN HINDERED BY THE CONSTANT NEED TO LOOK OVER THEIR SHOULDERS.

- CREATE A PLATFORM THAT ALLOWS WOMEN TO CONTACT OR FIND OTHER WOMEN (IN THE PRESENT TIME) AROUND THEM THAT CAN HELP THEM GET OUT OF AN UNCOMFORTABLE OR DIFFICULT SITUATION.
- HELP BUILD A COMMUNITY WHERE WOMEN TRAVELERS CAN INTERACT WITH EACH OTHER AND SUGGEST PLACES WHICH THEY VISITED AND FELT SAFE.
- THE PLATFORM NEEDS TO INCLUDE HELPLINE NUMBERS AND OTHER FEATURES WHICH CAN HELP WOMEN REGARDLESS OF THE SITUATION THEY MIGHT FACE.

RULES

- i) **Plagiarism** or re-using of past work is strictly prohibited. If upon inspection, it is found that the project has reused code that was not disclosed with the submission, the organizer may ask the participant to point out similarities and differences between the old and new work, and/or disqualify the submission from winning awards automatically.
- ii) We also request you to commit and push your code to **GitHub** regularly, as we might ask for access to your team's repository at any time during the event.
- iii) Teams are requested to join the registration line on the day of the hackathon ONLY **after** ALL their team members are present and you are also expected to know your team's name and team number beforehand.
- iv) **No discrimination**, on the basis of the following, shall be tolerated: gender, gender identity and expression, age, sexual orientation, disability, physical, appearance, body size, race, ethnicity, nationality, religion, political views, previous hackathon attendance, lack of computing experience, lack of chosen programming language, tech stack.

Code Tantra RULES

- v) **Harassment** of any kind will NOT be tolerated.
- vi) Participants are NOT allowed to **leave** the college premises after 5:00 PM on 26th July 2022. If found, the whole team shall be disqualified under any circumstances,
- vii) If you notice any violation of these rules and regulations or find otherwise suspicious behavior or have any concerns, please **contact** a member of the hackathon organizing committee immediately.
- viii) No college property should be damaged by the participants during the participants. In case it is, appropriate fines will have to be paid to the respective committee.

ABOUT THE EVENT

We had 35–40 teams consisting of 2-3 students each. Each team paid a registration fee of ₹100. This event was open for FE, SE & TE students only.

A competition where teams went through 4 rounds of mini-competitions where teams were eliminated at each round and the final remaining team are the winner.

ABOUT THE EVENT

Round 1 - The Crossword Expedition

Teams will be given a crossword with hints for technical terms. The team members will have to travel to the floor corresponding to the row they want to obtain the term for and then solve the riddle to obtain the answer.

For example - To solve for the term on Row 5, the team members will have to go to the 5th floor and solve a riddle that will give them the term.

The fastest 25 teams progress to the next round.

Round 2 - The Hoop Escalation

Of the 3 members in a team, 2 members will go through a rapid-fire quiz of technical questions. For each question answered correctly, the 3rd teammate will have to shoot through a basketball hoop/score a goal with a football/play a mini-golf shot. For every shot they score successfully, a point is registered.

The 10 teams with the most points will move on to the next round.

Round 3 - Family Fued

Prior to the event, a survey will be carried out on the 3rd and 4th year students of TSEC. They will be asked a range of technical questions and their answers will be recorded.

In the event, two teams will go against each other and each team member has to guess the most popular response to our survey questions. The more popular the answer, more the points are given to the team.

The team with the most points progresses. 5 teams progress to the next round.

For example -

Q: Which is your preferred language to practice competitive coding? And if the answers we received from the survey were -

C++ = 55 responses

Python = 30 responses

Java = 10 responses

JavaScript = 5 responses

The team which guesses C++ will be awarded 55 points, 30 points for Python, and so on.

Round 4 - The Last Cry; Among Us IRL

A mystery-themed simulation where participants will be given roles and hints will be given. A situation will be given where there is a given culprit at hand. The hints given will be in the form of technical questions which will lead them closer to the goal.

Whichever team catches the culprit first, wins the event.

SOME GLIMPSES

AI&DS DEPARTMENT TECHFEST'23

Date & Time: 6th March 2023

9am-5pm

Events: 2 Workshops

AiSTRA

AI-Quest

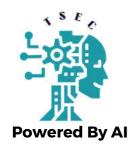

Venue: Lab 208

801,802

901,907

Lab 203,503

Seminar Hall

Organizers for the Event:

TE Mentor: Vrinda Bundelkhandi

Workshops:

Ayush Singh , Manjiri Khodke , Mrunmayee Hegiste , Pratiksha Limbulkar , Radha Tumbre , Siddharth Bhatia

AiSTRA:

Kaustubh Mhatre , Dipshree Parmar , Gaurang Patyane , Harsh Pawar , Shristi Shetty, Muskan Tolani , Vidhi Vaishnav , Naman Vashistha , Surya Yadav

AI-Quest:

Aditya Sawant , Pragati Jakhodia, Manav Mangela , Priya Waghela , Dipen Merchant , Pankti Muni , Pankhudi Jaiswal , Vidhi Jain , Yatharth Karanjikar

Workshop-1

Speaker: Jayesh Potlabattini

He took a workshop on CRUD React.

He is a 3rd year student of Thakur College of Engineering and Technology.

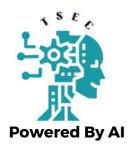

He is web developer and web designer. He and his team were the first runner up of TSEC-Hacks 2023.

He has worked in startups on React since past 2 years.

He is also a community manager at GenosisX.

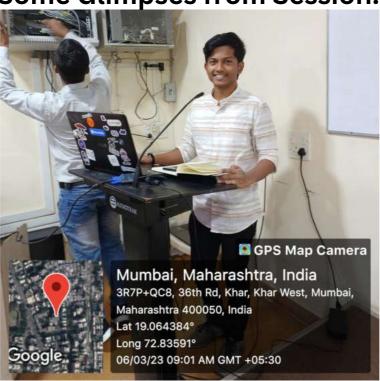

https://www.linkedin.com/in/jayeshvp24/

Time: 9am - 10:30pm

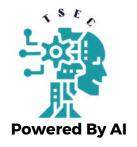

Some Glimpses from Session:

Workshop-2

Speaker: Tanay Kamath

The speaker took a workshop on KOTLIN.

He is a 4th Year Computer Engineering Student in our College and a self-taught developer, primarily in native Android apps. He explained the basics of Kotlin and introduction on the same.

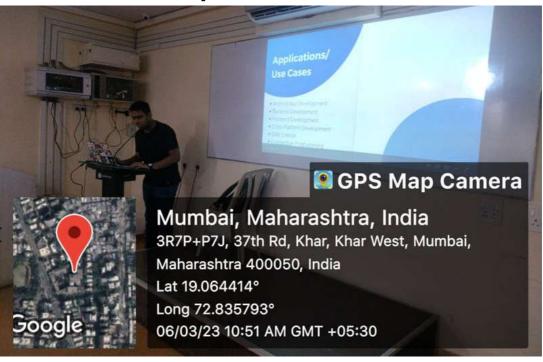

https://www.linkedin.com/in/tanay-kamath-69a65019a/

Time: 10:30 - 12pm

Some Glimpses from Session:

AiSTRA

It was based on AI tools and brainstorming where there were 3 rounds of competitions where teams were eliminated in each round and top 3 teams were the winners.

Total 45-50 teams consisting of 3 members each. This event was open for FE, SE, TE & BE of all Departments.

Time : 1pm - 3pm

Winners: Team Vadapav

Galacitos

Jab tak hai Jaan

Round 1 - The Crosswits

It was a crossword round with questions related to artificial intelligence, machine learning and other technical terms. Total 4 sets were made and each of them had a question at the bottom and they had to solve it using the answers of the crossword and then move to the rooms assigned and five the answer of question on the bench assigned in that room. The fastest 20 teams progress to the next round.

Round 2 - Brisk Risk

It was a Jenga round. It was 1 vs 1 team round where technical based questions were asked and if they fail to answer they had to remove a block of Jenga.

The team which answers correctly is saved and the opposite team has to remove a block of Jenga.

As soon as the Jenga tower falls the team is then they will be eliminated and the other team moves to the next round.

Total 10 teams progress to the next round.

Round 3 - AISTRA

It was based on AI tools where total 5 questions were there.

Teams had to solve question 1 where 2 riddles were given and then move to the pdf link provided in which information about AI and their links were given and they had to use the AI's mentioned and give the desired output.

Each question had riddle which where the answer to the links of codeshare where they would have found the pdf of the AI to be used.

AI-QUEST

It was based on the learnings in the college and had some fun games like hangman and solve the code, round robin questions, decoding the morse code.

It had total 5 hints and was conducted in 2 tracks.

The last stage was to read the vision of the department and win!

Time : 3pm - 5pm

Winners: Team GKM (Track 1)

Naam (Track 1)

Farzi (Track 2)

Track 1 questions:

TSEC E-Cell

TSEC Talks

Date: 6th February, 2022

Time: Afternoon, 1 or 2 PM

Platform: Microsoft Teams

Description:

TSEC Talks is an online event organized by the Entrepreneurship Cell at TSEC where we will

invite speakers from various start-ups and companies to talk about their start-up journeys and

experiences for the students to gain insights from it and have a better idea about what goes on

behind-the-scenes of a start-up or a company.

Through TSEC Talks, we are looking to make the stories of all kinds of startups heard. We aim

to create a platform for entrepreneurs to inspire the budding entrepreneurs at our college to

pursue their entrepreneurship dream. Through these stories of struggle and success, we aim to

educate the students about what goes behind building a successful business and the challenges

faced.

Speakers:

1. Priyanshi Choubey:

Priyanshi is the AVP - New Initiatives at Open Financial Technologies and the founder

and COO of Instacar. Instacar is a fast-growing taxi rental service operational in

Bengaluru. Priyanshi is among the top 200 women entrepreneurs in India according to

Niti Ayog. She has been featured in the entrepreneur spotlight on the Government

website wep.gov.in and has also been awarded as the Best Startup of Madhya Pradesh -

Central India

2. Archana Elapavuluri:

Archana is the co-founder & CEO at Pickright Technologies and is very passionate about product and growth. PickRight is a well-established financial advisory market ecosystem built-in with contemporary AI to track and monitor every stock activity in real-time. Archana has around 18 years of corporate experience and has been in the startup world for the last 6 years as a founder of an e-commerce startup and core team member of a retail startup.

TSEC E-Cell

Women's Day Talk Show

Date: 6th March, 2022

<u>Time</u>: 1 pm - 2 pm

Platform: Online (Zoom)

Description:

For the celebration of Women's Day, TSEC E-CELL is planning to conduct a Talk Show with Women Entrepreneurs. Inspiring and established female achievers will come together with their incredible experiences to foster learning, inspiration and wonder – and provoke conversations that matter.

Through this interactive session, we aim to promote the spirit of entrepreneurship among students. They will learn what goes behind building a successful business and the setbacks.

Flow:

- 1. The Women Entrepreneurs will be alumni of TSEC from various branches.
- 2. Each speaker would be allotted 20-25 mins for sharing their experience followed by a Q&A session

Speakers:

- 1. Smarinita Shetty https://www.linkedin.com/in/smarinita-shetty-459a5
- 2. Anchal Gupta- https://www.linkedin.com/in/anchalmgupta

TSEC E-Cell

PROJECT EXPO '22

Date:

For EXTC, Chemical and Biomedical departments: 6th April, 2022

For Computer, IT and AI&DS departments: 13th April, 2022

<u>Time</u>: 11 to 2 PM

Description:

TSEC E-Cell has the sole mission of providing its students with a platform where they can think, innovate and create a place where budding entrepreneurs can hone their skills with all the necessary resources and guidance.

Project Expo '22 was an offline event organised by the entrepreneurship cell of TSEC which was a project exhibition open to all students across all four years. Around 65 teams participated in the event. It was judged by experts from the industry. It allowed the students to showcase their technical abilities and discover the various aspects of the industry. The participants were evaluated on the basis of innovation, presentation, economic feasibility, industrial applicability, entrepreneurial competency and social importance.

Judges:

For EXTC and Biomedical departments:

- Dr Sanjay Kemkar: Dr Sanjay Kemkar is a VJTI alumnus and on the Board of studies of VJTI, Matunga, Mumbai. He is a Fellow of the Institution of Electronics and Telecommunications Engineers, since 2014. He is the recipient of the "Dr N G Patel Award" conferred by the University of Pune in 2008. Presently he is Head of Delphi Powers in Mulund and has Patents and research papers on nanotechnology.
- 2. <u>Kunal Gurnani</u>: Kunal Gurnani is an alumnus of the EXTC Department. He is the co-founder of the company Bot-o-Bot, a company providing STEM education in schools and are the vendors of STEM kits. Bot-o-bot provides customized 3-D printing machines and CO2 laser machines

For Chemical department:

- 1. <u>Pramod Kulkarni:</u> Pramod Kulkarni is currently the Joint General Manager of Technimont India Pvt. Ltd.
- 2. <u>Pratik Bhagat:</u> Pratik Bhagat is the Principal Process Engineer working for National Petroleum Construction Company (NPCC) Engineering Pvt. Ltd.

For Computer, IT and AI&DS departments:

- 1. <u>Anezka Virani:</u> Anezka Virani is a self-taught digital product designer. After working at EY for about a year, Anezka founded Hucentric an all-remote design innovation studio. She has consulted and led product design projects for the likes of Bendigo & Adelaide Bank Australia and Aditya Birla Health Insurance.
- 2. <u>Mihir Malani:</u> Mihir is the founder of Nerve Solutions, a firm that specializes in providing technology solutions for financial markets. As the founder of Nerve, Mihir works closely with financial firms and hedge funds in helping them overcome technology challenges related to low latency, trading, risk management and product innovation.
- 3. <u>Yash Kalwani:</u> Yash has been working in the technology sector with startups for a little over four years now. He has created applications with these startups that are being used by millions of people all around the world.
- 4. <u>Ritu Advani:</u> Ritu is the Founder of Coding Tale. She is experienced in the EdTech field for 5 years and has mentored over 15,000 students in STEM and Robotics. She has trained 42 teams for various globe-level robotics and coding competitions. Apart from coaching students, she is also proficient in Curriculum Development and Teacher Training.

CYBER SECURITY IN STARTUP'S PERSPECTIVE

Date:7th September '22

Time: 1 to 3 pm

Mode: Offline

Venue: Newbuilding Seminar Hall

Description:

TSEC E-Cell in collaboration with Infosec Coding Community conducted an information-filled seminar about How important is the role of Cyber Security in Start-ups!

Cyber Security plays a role in creating controlled secure conditions in the event of digital threats or cyber attacks, such as ransomware, malware, botnets, and others. Not only is it a step to recovery, cyber security is also a preventive measure before bad things happen. Then, how does the cyber security team work in a start-up and what is its function

EMBARK'22

TSEC E-Cell - K! League

Date:7th to 12th October '22

Mode: Online

Description:

TSEC E-Cell presents Stock Market League in association with Kachow. The TSEC E-Cell – K League was a great event where people got first-hand experience on how the stock market works The Kachow. App is designed to help you achieve financial growth with: Community of Traders, Practice Trading Portfolio and Rewards as you Learn & Grow.

IDEAVERSE

Date: October 11th 2022

Time: 10:00 AM to 2:00 pm

Mode: Offline

Venue: New building, Seminar Hall-1105

Description:

TSEC E-Cell presents to you an interesting event IDEAVERSE. In this event one gets to use their pitching skills to provide a solution to a problem.

It was held in two rounds. In the first round an interactive quiz session was held, winners of which were granted a privilege of going at the last and in the second round it was when participants were asked to sell the given product to the judges. With this event every participant got to polish their pitching skills, analytical, presentational, problem-solving and technical expertise.

IPL Auction

Date: October 10,2022.

Time: 9:00 am -5.00 pm

Mode: Offline

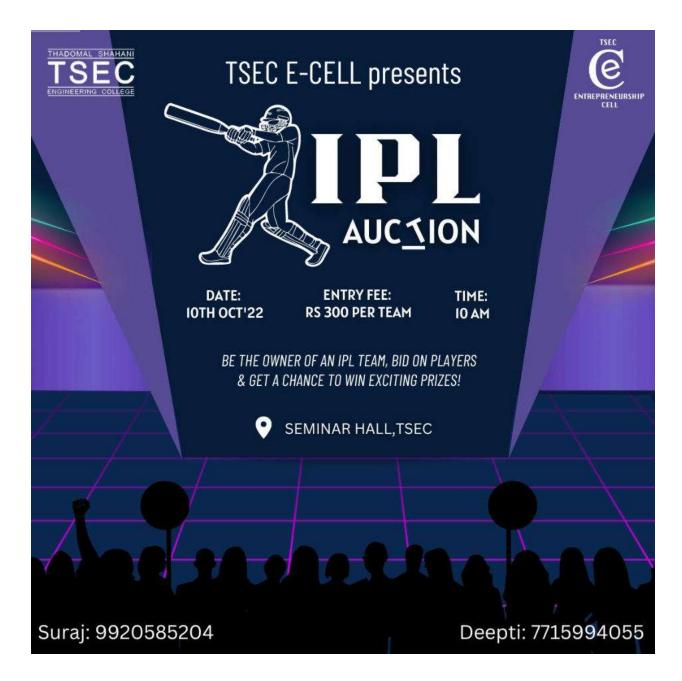

Venue: New Building Seminar Hall

Description:

E-CELL TSEC presents to you a great opportunity to construct your own IPL team. In this event participants are allowed to bid for players and defeat their opponents with their team.

In this event participants could register in groups of 3-4 people; there were a total of ten such teams selected. Participants had to make sure that the players they were selecting for their teams score good enough points and also allowed them to keep their funds intact for future players.

A total of 100 Cr was given to each team and the winners were announced on the basis of which team scored most points out of the 16 pools of IPL Players.

SOME GLIMPSES OF THE EVENT:

Program Name: World Education Fair

(In association with Imperial Overseas)

Program Co-ordinator : Dr. Arti Deshpande

Date: August 22, 2022.

Location: 11th floor Seminar Hall NB of TSEC ,Bandra

Total number of students: 500

"World Education Fair"

Thadomal Shahani Engineering College, in association with Imperial Overseas, hosted the World Education Fair 2022, giving undergraduate students a chance to pursue their dreams in their dream colleges. This event consisted of various experts talking to students on various subjects, from exams to the most important question of 'how to choose your college?'.

The day started at 10 am on the 11th floor of Seminar Hall of Thadomal Shahani Engineering College. Various colleges from countries like The USA, Germany, Canada, UK, Australia & Ireland were present at the fair to guide the students. Direct interaction between students and University delegates proved to be very helpful for many students. Institutes then provided their official information. Many students had their

profiles evaluated which in turn helped them understand their prospects better thus helping them make better decisions in the near future. The Universities present also offered students Application Fee Waivers, Scholarships, and Fee reductions. Students took a great interest in finding out about the Courses, Internships that the Universities offered.

Alongside Universities representatives from ETS, GRE & TOEFL were also present at the fair to shed light on techniques and habits to be followed to score perfectly on the respective entrance tests which greatly increase the odds of students getting admitted to their dream universities. The fair came to an end at noon with a vote of thanks from one of the student envoy and the distribution of brochures and guides for students which they could refer to in the coming future.

List of Colleges present:

Virginia Tech, University of South Florida, University of Texas Arlington, Binghamton University, New York Institute of Technology, Pace University, University of Rochester, San José State University, The University of Arizona, Arizona State University, Stevens Institute of Technology, UMBC, Manchester Metropolitan University, Kettering University, University of Stirling, Auburn University, Newcastle University, PSB Academy, Queen's University Belfast,

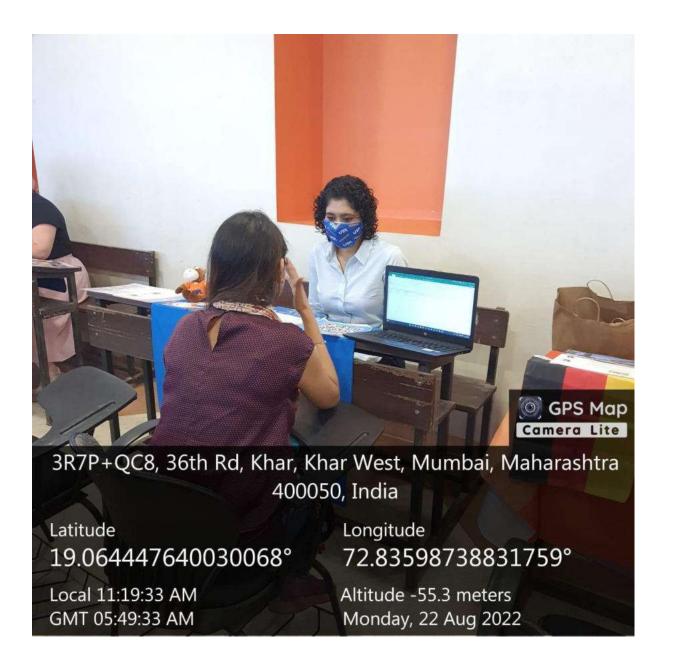

Claremont Graduate University, American University, New England College, UMASS Boston, Saint Louis University.

Program Name: Tree Plantation

Program Co-ordinator: Dr. Arti Deshpande

Number of Participants: 70 (Students and staff)

Date: 26th July 2022

Chief Guest: MLA Adv. Ashish Shelar, Smt. Swapna Virendra Mhatre

Collaboration: Municipal Corporation of Greater Mumbai, NSS TSEC

Location: Carter Road, Bandra

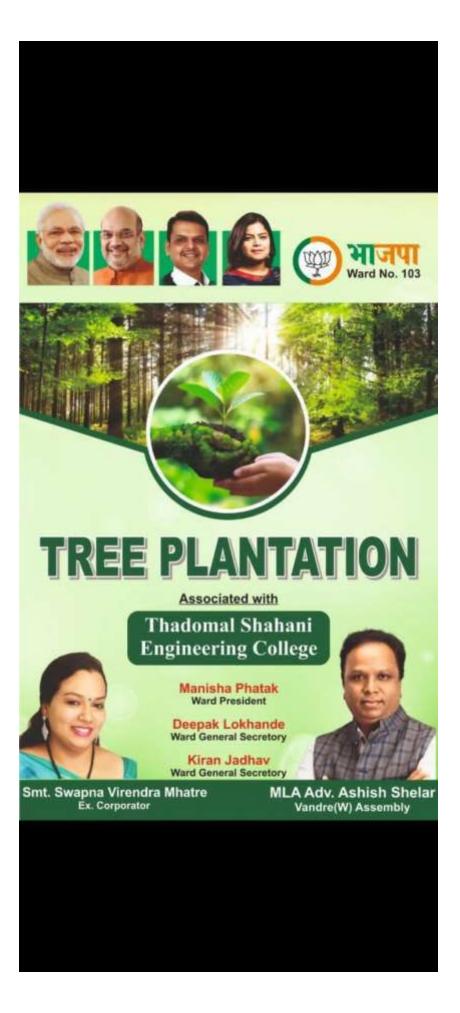

TSEC organized a tree plantation program in collaboration with the BMC at Carter road, Bandra. The objective of this event was to teach students, how we can save our climate from pollution. By tree plantation, we can develop a climax ecosystem free of greenhouse gases to reduce global warming.

Students and faculty members were asked to reach 9:30 am. The program was inaugurated but he MLA Adv. Ashish Shelar by planting the first sapling for the day. Plants were provided by the Municipal Corporation. Teachers also participated in the tree plantation program. The main purpose of this event was to enhance awareness about the importance of tree plantations.

Menstrual Hygiene Webinar

(Speaker: Mrs. Nitya Chaudhary)

Program Co-ordinator: Dr. Arti Deshpande

Students Coodinator: Khushi Ruparel, Roshni Sarda

Date: 8th October, 2022.

Platform: Google Meet

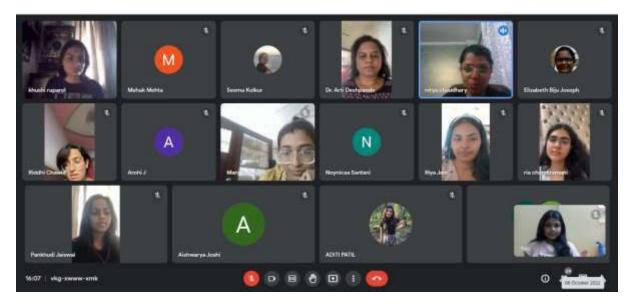

Total no. of attendees: 58

Menstrual Hygiene Training

Menstruation is one of the important and essential processes of a woman's body that deserves utmost self-care. Poor menstrual hygiene can pose physical health risks and has been linked to reproductive and urinary tract infections. So, good menstrual hygiene should be your first priority.

Thadomal Shahani Engineering College organised a webinar on to educate young women about menstrual hygiene and ways to keep themselves calm and composed when on their period and how to tackle day to day activities with ease.

The session began at 4pm, with the speaker Mrs. Nitya Chaudhary introducing herself. She started by taking a group picture with all the attendees.

Her first piece of advice was to stop comparing your menstrual experiences with that of others. Each person has a unique journey. Removing old school taboos and stigmas associated with menstruation is a must for our mental growth and wellbeing. She reinstated that bleeding is totally normal and it's necessary to talk about it and get safe acceptable access to healthcare.

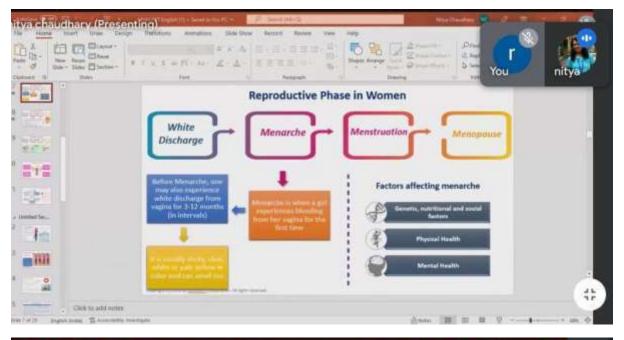

It is imperative to educate girls at the right time before their first period about the process and symptoms that will be coming up in her life.

She informed us about the 3 phases: childhood, puberty and adulthood and how in the early adolescent years girls and boys become more stubborn and sometimes rebel against what they're expected to do. At a later stage, more gender specific changes are faced due to changes in hormone levels. Therefore, it is important to communicate how you feel, especially in times of an identity crisis and if faced by peer pressure.

A lot of mood swings are caused by female hormones through puberty till menopause. She helped us with tricks to help us keep our emotions in check like keeping ourselves busy or by physical activity.

It is very important to be body positive and supportive as each individual has their own journey and struggles.

Next, she talked about the female reproductive system, signs of menstruation for the first time, menarche and menopause. We also learned how to track our menstrual cycle and manage PMS (pre menstrual syndrome)

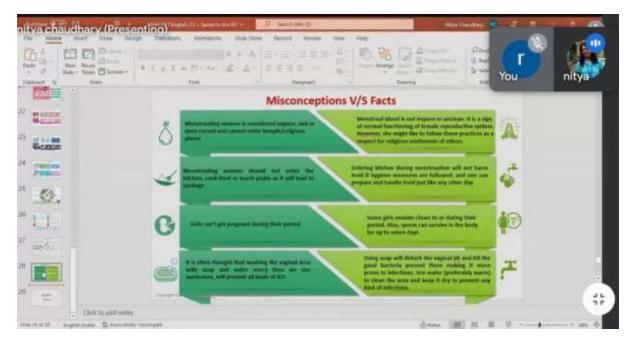

It is important to know when to consult a doctor. We must do so in case of irregular periods or too much bleeding or excessive cramps. She also mentioned that yoga is a great reliever of cramps as it improves blood flow and helps in digestion.

We learnt hygiene management which includes the correct use of sanitary napkins, how to deal with infections and correct disposal of menstrual waste.

Eating a balanced diet is essential for nourishment of the body. Home cooked food that is not too spicy and oily is preferred during menstruation and adequate water intake is a must.

The speaker helped clear some of the major misconceptions about menstruation and backed them with facts so that we can do the things we love guilt free.

We also had a doubt clearing round where attendees were free to ask their queries and have them cleared in the moment.

Intercollege Chess

Competion

Program Co- ordinator : Dr. Arti Deshpande

Student Co-ordinator : Mr. Yash Yadav

Date: 22nd to 23rd August 2022

Location : MMK College of Commerce and Economics

Number of students from TSEC participated in all events: 4

Paul Morphy, considered the most revered chess player of his era, once stated that "unlike other games in which lucre is the end and aim, chess recommends itself to the wise by the fact that its mimic battles are eminently and emphatically a philosopher's game."

Keeping the same spirit in mind, Smt M.M.K College (of Commerce & Economics), conducted an intercollegiate chess tournament this year, as has been tradition for the past several years, that witnessed participation from reputed colleges across Mumbai with their brightest participants, all set to put their best foot forward.

Representing Thadomal Shahani Engineering College (TSEC) this year were four students, ranging from SE to BE, all from the Computers Department of the college: Dhruv Tahilinaey (BE), Chinmay Majithia (BE), Hemal Nisar (TE) & Jash Doshi (SE).

The tournament was conducted over a span of two days, with multiple rounds to square off and proceed to higher ranks/levels in the tournament. For each game won, the participating college/participant received one point, for every draw, 0.5 points and for every game lost, zero points were awarded. At the end of

each day, the participants were progressively awarded points and a net total of these points was calculated at the end of each day.

On Day 1: the TSEC team amassed a total of 10 points out of 12. A detailed summary of the individual scores attained by each member/player within the multiple rounds, are as follows:

Round Wise Score:

- 1. Round 1: 4/4
- 2. Round 2: 3/4
- 3. Round 3: 3/4

Net Score (on Day 1): 10/12

On Day 2: the team managed to score a total of 19 points out of 24. The cumulative points bagged on the final day, are as follows:

Round Wise Score:

- 1. Round 4: 3/4
- 2. Round 5: 2/4
- 3. Round 6: 4/4

Net Score (on Day 2): 9/12

After an uphill battle against some of the smartest minds across various colleges, TSEC was victorious in its efforts by securing first place in the MMK Chess Tournament. It was a truly a rewarding moment to see TSEC emerge as a winner. Besides the win being a ceremonious, it also appeared to be a historic win; it meant that KC

College's position as chess whizzes in the MMK tournament, after 7 years of consecutive first place wins, was finally dethroned by TSEC.

A quick rundown of the individual player scores is as follows:

• Dhruv Tahilinaey: 5.5/6

• Chinamy Majithia:5/6

• Hemal Nisar: 4.5/6

• Jash Doshi: 4/6

While a uniform team effort was observed, Dhruv Tahilinaey and Chinamy Majithia also demonstrated immense rigor in their chess temperament by acquiring first and second prize for scoring the most points in the tournament, respectively.

In conclusion, TSEC's win is a testament to the razor sharp minds that inhabit the college, and continue making it proud.

<u> Azadi ka Amrit Mahotsav – Youth Festival</u>

Program Co- ordinator: Dr. Arti Deshpande

Students Co-ordinator: Roshni Sarda and

Noynicaa Santani

Program Organizer: Mumbai University

Date: 6th to 12th August 2022

Location: Various Colleges Across Mumbai.

Number of students from TSEC participated in all events: 19

On the joyous occasion of our 75 years of Independence, Mumbai saw itself lit up in shades of orange, white and green. To commemorate this day, Mumbai University organised a 3 day youth fest- Azadi Ka Amrit Mahotsav so that the youth of Mumbai could celebrate the peace and freedom. Thadomal Shahani Engineering College also participated in these festivities under the guidance of our esteemed principal Dr. G T Thampi.

Teacher Co-ordinator Dr Arti Deshpande and student coordinators Roshni Sarda and Noynicaa Santani deserve a special vote of thanks for all the hard work they put in to set up these events.

Achievements of students of Thadomal Shahani Engineering College at the 55th

Inter-Collegiate/Institute/Department Cultural Youth Festival:

Ms Karkera Nikshita Jaya participated and secured Consolation price in ON THE SPOT PAINTING held on

August 12,2022 by University of Mumbai at Patuck-Gala College of Commerce and Management, Santacruz, Mumbai.

Ms Yaminishree Gunasekaran participated in Indian Classical Dance competition organised by University of Mumbai at Children Welfare Centre Law College, Malad Mumbai on August 6, 2022.

Mr Ansari Mohd Asad Mohd Akram participated in Mono Acting Group C (Other than Marathi) competition organised by University of Mumbai at Children Welfare Centre Law College, Malad Mumbai on August 6, 2022.

Mr Rohra Vansh participated in Indian Light Vocal Solo competition organised by University of Mumbai at Children Welfare Centre Law College, Malad Mumbai on August 6, 2022.

Ms Jain Anisha Jairaj participated in Poster Making competition held on August 12,2022 by University of Mumbai at Patuck-Gala College of Commerce and Management, Santacruz, Mumbai.

Mrs Yadav Muskan participated in Elocution Group B(Hindi or English) held on August 12,2022 by University of Mumbai at Patuck-Gala Collegeof Commerce and Management, Santacruz, Mumbai.

Ms Bhat Shriya participated in Story Telling Group B (Hindi or English) held on August 12,2022 by University of Mumbai at Patuck-Gala Collegeof Commerce and Management, Santacruz, Mumbai.

Mr Chinchkhedkar Aaditya Nitin participated in Story Telling Group A(Marathi) held on August 12,2022 by University of Mumbai at Patuck – Gala College of Commerce and Management, Santacruz, Mumbai.

Amount of Registration:

A total sum of rupees 2500 was paid as registration amount by college.

Total Number of teachers participated: 100 Total Number of Students participated: 50

'Teacher's Day'

Teachers' Day in India is celebrated every year on September 5 to mark the birth anniversary of Dr. Sarvepalli Radhakrishnan. It is a special day for the appreciation of teachers and is a reminder of the role that teachers play in nation-building by guiding and educating the brightest minds of our country. TSEC celebrated teachers day to honor the hard work of our teachers.

Teachers entering the seminar hall for the celebration were greeted with rose, chocolates and a chit where they could write a message to their colleagues. This was followed by a round of applause by the students for the tireless efforts of these teachers in shaping our future.

It was a Retro themed celebration which started with a warm welcome by the anchors which was followed by exciting activities like game a of Genz, Mimic other teachers, Tongue twister challenge and the Rapid-fire round which was based on the retro classics. A selfie booth was setup for the teachers to take memorable photos and cherish this day forever.

To make the event more fun and interesting there was a drama performance by the members of the student council and an amazing ramp walk by the teachers.

The celebration came to an end with prize distribution, vote of thanks and an open to all dance floor.

5th September:

Celebration of Teachers Day

Events:

Sample Certificate:

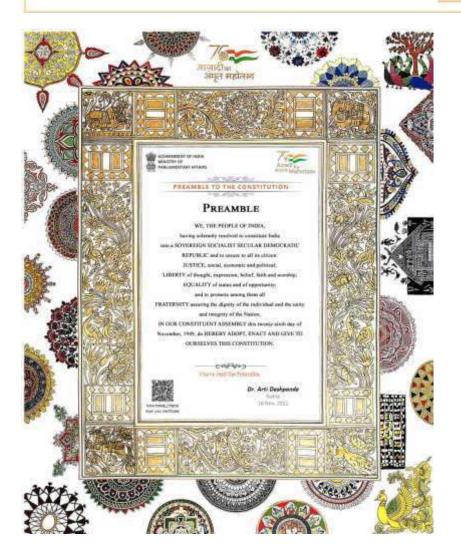

THIS CERTIFICATE IS PRESENTED TO

Arun Kulkarni

for participating in the 'Online Quiz on the Constitution of India'

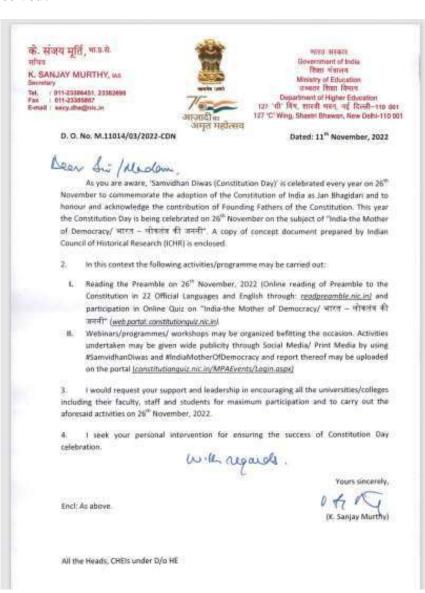

Dated: 26 November, 2022

Secretary
Misory of Performentary Affairs
Government of India

Document received:

Event Name: HALP WORKSHOP

Program Co- ordinator : Dr. Arti Deshpande

Date: 1st February 2023

Location: 11th Floor, Seminar Hall of TSEC, Bandra

Total Number Of Students Participated: 99

HALP WORKSHOP DETAILS

The workshop was addressed by the CEO of Halp, Matthew McLellan & COO/Co-Founder Marc Fielding along with the team.

The workshop provided our students with an interactive study abroad workshop. In this workshop, Halp gave an informative session regarding the following aspects of studying abroad.

- 1.Benefits of studying abroad.
- 2. Cost of studying abroad and financial guidance of studying abroad.
- 3.Information regarding various countries which can be pursued for further studies.
- 4. Information regarding what programs are best in each countries and what are the career opportunities available.
- 5. How to secure a study visa & get accepted into your dream program.

The workshop ended with a question and answer round from the students attending the workshop, where in doubts and queries regarding studying abroad were solved by Halp Officials.

World Yoga Day Celebration

Program Co-Ordinator: Dr. Arti Deshpande

Student Co-Ordinator: Jason D'souza

Date: 21st June 2023

Location: Online & Offline (O.B Room No. 501)

Total Number of participants:35

The Thadomal Shahani Engineering College celebrated the International Day of Yoga on June 21, 2023, with great enthusiasm and participation from students, staff, and faculty members. The event aimed to promote the practice of yoga and its benefits in the modern world. This report summarizes the key highlights and activities of the World Yoga Celebration held at the college.

The event was honored by the presence of a Yoga practitioner from the renowned Isha Foundation, who served as the chief guest. The practitioner guided the students, teachers, and staff members through various asanas (yoga poses) and enlightened them about the numerous benefits of yoga in the modern-day world. Their expertise and guidance added immense value to the celebration, providing participants with a deeper understanding of yoga and its significance.

The primary objective of the World Yoga Celebration was to emphasize the importance of yoga in achieving holistic well-being. It aimed to create awareness about the transformative power of yoga and inspire individuals to incorporate it into their daily lives. By connecting with our inner selves, yoga facilitates physical, mental, and spiritual growth, fostering a balanced and healthy lifestyle.

Given the prevailing circumstances, the celebration was conducted in both physical & virtual environment, enabling participants to engage in yoga from the comfort of their homes. This format ensured the safety and convenience of everyone involved while still fostering a sense of unity and community.

The World Yoga Celebration at Thadomal Shahani Engineering College successfully promoted the practice of yoga and its relevance in the modern world. The guidance provided by the Yoga practitioner from Isha Foundation empowered participants to explore the benefits of yoga and incorporate it into their daily routines.

Overall, the event served as a reminder of the profound impact yoga can have on one's physical, mental, and spiritual well-being, and encouraged individuals to continue their yoga journey beyond the celebration.

PROGRAM NAME : WOMEN'S DAY CELEBRATION (8th MARCH 2023)

Teacher Program Co-ordinator: Dr. Aarti Deshpande

Student Program Co-ordinator: Ms Khushi Ruparel

Date: 8th March, 2023

Location : 11^{Th} Floor , NB Seminar Hall, TSEC, Bandra

Total Number of Teachers Participated: 50

Total Number of Students Participated: 30

Women's Day

International Women's Day is a global holiday celebrated annually on March 8 as a focal point in the women's rights movement, bringing attention to issues such as gender equality and other women biases. Thadomal Shahani Engineering College engaged in this grand event through a college level Women's Day celebration on 8th March 2023.

The program began with a welcome speech by our Lady Representative Ms. Khushi Ruparel and was followed by a very inspiring speech by Dr. Elizabeth Joseph, the HOD of Chemical Department at Thadomal Shahani Engineering College. The event was made appealing by commencement of the Talent Show where Ms. Nagaveni Hebbar (I.T Faculty) and Ms Sakshi Surve (CSE Faculty) gave an extraordinary singing and dancing performances respectively. To make the event more exciting, Students Council had organized fun games like Get 5 things in 50 secs, Quiz round open for all and an exciting lottery was organized. The talent show continued with commendable performances by our very talented female students. This included dance performances by Riya Jain and Divya and a soothing guitar performance by Manasvi Vasisht.

The event ended with announcement of the lottery winners and a vote of thanks by Manjiri Khodke.

INVITE

TSEC Students' Council invites you to celebrate..

Being a woman is like being a superhero, but with a little more pizzazz and charm.

Throughout history, women have displayed remarkable courage, bravery, and moxie in the face of adversity.

So, join us on this wonderful occasion to celebrate all that makes women unique and special.

Register for a special Women's Day lucky draw to win exciting prizes - https://forms.gle/PdtrZM85rZmK3BPRA

Deadline: 1:15 pm (8th March)

(This is only for female students, faculty and staff)

Everyone is requested to dress in colors of lilac, purple or blue.

Note: This event is only for female students, faculty and staff members. But the dress code applies to all who wish to comply and celebrate.

Attendance will not be provided. Entry is on a first come first serve basis.

- 4. Vanshita Jain EXTC Student
- 5. Dhruvi Rathod AI&DS Student

Football Tournament: OFFSIDE

Program Co-ordinator: Dr. Arti Deshpande

Student Co-ordinator: Aron F., Ved J., Manav

Date: 29th-30th January 2023

Location: Andheri Sports Complex, Andheri

Total Number of participants: 112

Link: https://youtu.be/Sc88Qp7l_QU

The Student's Council of Thadomal Shahani Engineering College organized an annual football tournament named Offside, as a part of their sports event Shazam, held on 29th-30th January. Sixteen teams participated in the tournament and were divided into four groups, each group consisting of four teams. The top two teams from each group qualified for the quarterfinals after the group stages.

After an intense competition, Charkop United emerged as the winners of the tournament, defeating their opponents Emo Bois in the finals. The members of the winning team were Rishi, Ashish Gupta, Pranay Chavan, Hardik Khamdar, Meet Rathod, Shubham Devkar, and Ritesh Choudhary.

The runner-ups of the tournament were Emo Bois, who put up a tough fight against Charkop United in the finals. The members of the team were Raghav Nair, Jay Varma, Kalyaan Rao, Omkar Ghadigaonkar, Shubh Gupta, Pratish Makhija, and Krishit Shah.

The matches were officiated by the members of the Student Council, who also participated in the tournament. The matches were played with great enthusiasm and sportsmanship, showcasing the talent and dedication of the players.

The organizers concluded the event with the prize distribution ceremony, felicitating the winners and runners-up of the tournament. The event was a great success, bringing together the college community to celebrate the spirit of sportsmanship and teamwork.

CHESS: CHECKMATE

Program Co-ordinator: Dr. Arti Deshpande

Student Co-ordinator: Aron F., Ved J., Manav

Date: 31st January 2023

Location: Decathlon Play area, Andheri

Total Number of participants: 55

Link: https://youtu.be/Sc88Qp71_QU

The Student's Council of Thadomal Shahani Engineering College hosted their annual sports event SHAZAM. This was a 5 day event and Checkmate, a Chess tournament for the brightest and smartest was held on the very last day. The event started at 10am in the morning with over 50 participants and ended by 5pm with only two winners. The tournament was held in the format of five rounds, each round eliminating half the participants.

Round 1 to Round 3 had every game lasting for 10 minutes each, but with the request of the players, the final two rounds lasted for 7 minutes. The members of the Student Council themselves acted as the officials for all the matches, some of the members participated as well.

After a series of smart moves and efficient strategies, two winners emerged. Securing the 1st prize was Dhruv Tahilianey and the 2nd prize went to Swaraj Pai. By 5pm, Checkmate event came to an end and with that, Shazam 2023 also came to an end. The organisers wrapped up he events with the prize distribution for the winners and a vote of thanks for all attendees.

Winners:

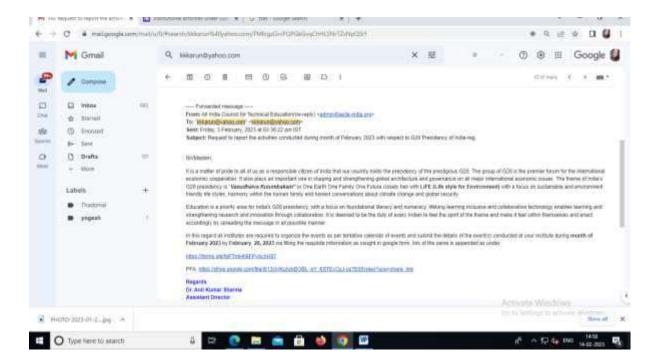

1st prize - Sushmit Sanyal

2nd place- Yash Thange

Reference letter received:

Industrial Visit-Rajasthan 2023

Program Co- ordinator : Dr. Arti Deshpande

Date: 4th to 10th January 2023

Location: Jodhpur, Jaisalmer, Saam, Falna.

Number of students: 107

Number of Teachers: 12

The industrial visit for year 2023 was organised by Khushi travels pvt LTD. The entourage consisted of 107 students and 12 faculties who accompanied them.

The journey began on January 4th and ended on January 10th. The students left Dadar station at 12:35 p.m. and arrived at Jodhpur Junction at 7:30 a.m. the next day. The location where the entourage boarded buses

The first stop was Patwon ki Haweli in Jaisalmer, which consisted of a colony of five cottages, each belonging to a Patwa brother. Each home was fashioned of yellow stone, which is a popular entity of commerce in Jaisalmer, and the monument showcased indigenous Rajasthani workmanship. Following this halt, the next stop was Gadisar Lake, where the Lights & Sound spectacle was the highlight of the evening. The programme initially exhibited pop music coupled with luminescent lights and discussed the rich history of Jaisalmer. The evening concluded with a puppet and magic performance, Where Folk artists performed with their handcrafted puppets here.

The second day began with a tour to Jaisalmer's Sonar Fort, which belonged to the royal family of Jaisalmer. The fort was still inhabited by descendants of the royal Jaisal army troops. In the afternoon, we went to the Abandoned Town of Kuldhara, where the tour guide narrated us the story of the lost village. Later that evening, there was a Camel safari and folk performances, and the students and faculty members dressed up in traditional attire to celebrate the occasion of Rajasthani folk performances.

Day 3 began with a return voyage to Jodhpur. Once there, the first stop was to Umaid Bhavan Palace, a palace built in 1926 that houses the royal family's legacy as well as the Royal Family's car collection. The palace had a museum depicting the lifestyle of the Jodhpur royals. Later in the evening, the group went to the Jodhpur Market to admire the local handicrafts and Taste the Flavours of jodhpur.

Day 4 The first destination on the itinerary was the Mehrangarh Fort, India's largest fort, which was built in 1460 by Rao Jodha. Who is the city of Jodhpur named after? Later, the entourage proceeded to Jaswant Thada. A memorial built in memory of Raja Jaswant Singh.

In the afternoon, the entourage travelled to Saras Dairy Processing Unit, where Saras executives explained the process of homogenization how milk was processed, butter was churned, yoghurt was made, and how their Quality Control Team tested the purity parameters of each and every batch. Later that evening, a DJ night was held in the Hotel Premisis, and everyone rejoiced and shook a leg.

On day 5, the second industrial tour occurred at bearing ventures, an Indo-German joint venture that manufactured the roller component of a taper roller. Bearing the production unit comprised of three manufacturing lines that produced rollers with varying needs. Later, the executives showed us a thorough presentation of their fabrication facility, demonstrating how artificial intelligence was incorporated into the Quality Control Sector. In the Evening We headed towards falna Station to board the train for Mumbai.
