About Your GRE® Score Report
Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

Umang S. Diyora**Most Recent Test Date: July 15, 2023****Date of Birth:** October 25, 2002

Registration Number: 2190111

Print Date: January 18, 2024

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

Dear TUSHAR:

Re: University ID:2001458158

Congratulations! It is my pleasure to inform you that you have been granted admission to the Luddy School of Informatics, Computing, and Engineering's **Computer Science MS** program beginning in **Fall 2024** on the **Bloomington campus**. The faculty are very excited at the prospect of having you in our graduate program and hope that you will accept our offer.

We know an education is an investment in your future, and our students have extraordinary opportunities such as internships, research, cultural programs, and global connections. The Luddy School in Bloomington offers a unique combination of disciplines, where Computer Science, Data Science, Information & Library Science, Intelligent Systems Engineering, and Informatics are led jointly as one school and offers collaboration within Luddy as well as with external departments in a large research-university setting. We also are among the top international-student populations in the US, which means you'll likely engage with students from your part of the world in a safe and welcoming community.

This offer is contingent upon final approval by the Office of International Services and the Dean of the University Graduate School.

You are being admitted on the basis of self-funding. Before accepting our offer, your next step should be to identify a plan to finance your degree outside of Indiana University. Financing your academic studies may include securing loans, family funds, or scholarships close to home.

Once you have made your decision, please let us know by completing the Luddy Fall 2024 Student Decision Form at <https://go.iu.edu/4eXl> . Our offer **expires on April 15, 2024**.

If you have any questions or need additional information, please contact GoLuddy@iu.edu

We congratulate you on your academic achievements. We are very pleased to extend this admission into our graduate program, and we look forward to learning of your decision.

Warm regards,

A handwritten signature in black ink, appearing to read 'Apu Kapadia', with a stylized flourish at the end.

About Your GRE[®] Score Report

Score Reporting Policies

With the *ScoreSelect*[®] option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE[®] Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

A candidate is considered **qualified** if the marks secured are greater than or equal to the qualifying marks mentioned for the category, for which a valid category certificate, if applicable, must be produced along with this Score Card.

This Score Card is valid
up to 31st March 2027.

GATE SCORE COMPUTATION

The GATE 2024 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where

M is the marks obtained by the candidate in the paper mentioned on the GATE 2024 Score Card

M_q is the qualifying marks for general category candidates in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of all the candidates who appeared for the test paper

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here, μ is the mean and σ is the standard deviation of marks of all the candidates who appeared for the test paper.

Qualifying in GATE 2024 does not guarantee admission to a postgraduate program or scholarship/financial assistance. Admitting institutes may conduct additional tests or interviews for final selection of candidates.

Graduate Aptitude Test in Engineering (GATE) 2024 was organised by Indian Institute of Science, Bengaluru, on behalf of National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see <https://www.ets.org/gre/test-takers/general-test/scores/understand-scores.html>.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

INSTRUCTIONS TO STUDENTS

STUDENT ATTESTATION. You should read everything on this page carefully. Be sure that you understand the terms and conditions concerning your admission and stay in the United States as a nonimmigrant student before signing the student attestation on page 1 of the Form I-20 A-B. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

FORM I-20. The Form I-20 (this form) is the primary document to show that you have been admitted to school in the United States and that you are authorized to apply for admission to the United States in F-1 class of admission. You must have your Form I-20 with you at all times. If you lose your Form I-20, you must request a new one from your designated school official (DSO) at the school named on your Form I-20.

VISA APPLICATION. You must give this Form I-20 to the U.S. consular officer at the time you apply for a visa (unless you are exempt from visa requirements). If you have a Form I-20 from more than one school, be sure to present the Form I-20 for the school you plan to attend. Your visa will include the name of that school, and you must attend that school upon entering the United States. You must also provide evidence of support for tuition and fees and living expenses while you are in the United States.

ADMISSION. When you enter the United States, you must present the following documents to the officer at the port of entry: 1) a Form I-20; 2) a valid F-1 visa (unless you are exempt from visa requirements); 3) a valid passport; and 4) evidence of support for tuition and fees and living expenses while you are in the United States. The agent should return all documents to you before you leave the inspection area.

REPORT TO SCHOOL NAMED ON YOUR FORM I-20 AND VISA. Upon your first entry to the United States, you must report to the DSO at the school named on your Form I-20 and your F-1 visa (unless you are exempt from visa requirements). If you decide to attend another school before you enter the United States, you must present a Form I-20 from the new school to a U.S. consular officer for a new F-1 visa that names the new school. Failure to enroll in the school, by the program start date on your Form I-20 may result in the loss of your student status and subject you to deportation.

EMPLOYMENT. Unlawful employment in the United States is a reason for terminating your F-1 status and deporting you from the United States. You may be employed on campus at your school. You may be employed off-campus in curricular practical training (CPT) if you have written permission from your DSO. You may apply to U.S. Citizenship and Immigration Services (USCIS) for off-campus employment authorization in three circumstances: 1) employment with an international organization; 2) severe and unexpected economic hardship; and 3) optional practical training (OPT) related to your degree. You must have written authorization from USCIS before you begin work. Contact your DSO for details. Your spouse or child (F-2 classification) may not work in the United States

PERIOD OF STAY. You may remain in the United States while taking a full course of study or during authorized employment after your program. F-1 status ends and you are required to leave the United States on the earliest of the following dates: 1) the program end date on your Form I-20 plus 60 days; 2) the end date of your OPT plus 60 days; or 3) the termination of your program for any other reason. Contact your DSO for details.

EXTENSION OF PROGRAM. If you cannot complete the education program by the program end date on page 1 of your Form I-20, you should contact your DSO at least 15 days before the program end date to request an extension.

SCHOOL TRANSFER. To transfer schools, first notify the DSO at the school you are attending of your plan to transfer, then obtain a Form I-20 from the DSO at the school you plan to attend. Return the Form I-20 for the new school to the DSO at that school within 15 days after beginning attendance at the new school. The DSO will then report the transfer to the Department of Homeland Security (DHS). You must enroll in the new school at the next session start date. The DSO at the new school must update your registration in SEVIS.

NOTICE OF ADDRESS. When you arrive in the United States, you must report your U.S. address to your DSO. If you move, you must notify your DSO of your new address within 10 days of the change of address. The DSO will update SEVIS with your new address.

REENTRY. F-1 students may leave the United States and return within a period of five months. To return, you must have: 1) a valid passport; 2) a valid F-1 student visa (unless you are exempt from visa requirements); and 3) your Form I-20, page 2, properly endorsed for reentry by your DSO. If you have been out of the United States for more than five months, contact your DSO

AUTHORIZATION TO RELEASE INFORMATION BY SCHOOL. DHS requires your school to provide DHS with your name, country of birth, current address, immigration status, and certain other information on a regular basis or upon request. Your signature on the Form I-20 authorizes the named school to release such information from your records.

PENALTY. To maintain your nonimmigrant student status, you must: 1) remain a full-time student at your authorized school; 2) engage only in authorized employment; and 3) keep your passport valid. Failure to comply with these regulations will result in the loss of your student status and subject you to deportation.

INSTRUCTIONS TO SCHOOLS

Failure to comply with 8 CFR 214.3(k) and 8 CFR 214.4 when issuing Forms I-20 will subject you and your school to criminal prosecution. If you issue this form improperly, provide false information, or fail to submit required reports, DHS may withdraw its certification of your school for attendance by nonimmigrant students.

ISSUANCE OF FORM I-20. DSOs may issue a Form I-20 for any nonimmigrant your school has accepted for a full course of study if that person: 1) plans to apply to enter the United States in F-1 status; 2) is in the United States as an F-1 nonimmigrant and plans to transfer to your school; or 3) is in the United States and will apply to change nonimmigrant status to F-1. DSOs may also issue the Form I-20 to the spouse or child (under the age of 21) of an F-1 student to use to enter or remain in the United States as an F-2 dependent. DSOs must sign where indicated at the bottom of page 1 of the Form I-20 to attest that the form is completed and issued in accordance with regulations.

ENDORSEMENT OF PAGE 2 FOR REENTRY. If there have been no substantive changes in information, DSOs may endorse page 2 of the Form I-20 for the student and/or the F-2 dependents to reenter the United States. If there have been substantive changes, the DSO should issue and sign a new Form I-20 that includes those changes.

RECORDKEEPING. DHS may request information concerning the student's immigration status for various reasons. DSOs should retain all evidence of academic ability and financial resources on which admission was based, until SEVIS shows the student's record completed or terminated.

AUTHORITY FOR COLLECTING INFORMATION. Authority for collecting the information on this and related student forms is contained in 8 U.S.C. 1101 and 1184. The Department of State and DHS use this information to determine eligibility for the benefits requested. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

REPORTING BURDEN. U.S. Immigration and Customs Enforcement collects this information as part of its agency mission under the Department of Homeland Security. The estimated average time to review the instructions, search existing data sources, gather and maintain the needed data, and complete and review the collection of information is 30 minutes (.50 hours) per response. An agency may not conduct or sponsor, and a person is not required to respond to an information collection unless a form displays a currently valid OMB Control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Office of the Chief Information Officer/Forms Management Branch, U.S. Immigration and Customs Enforcement, 801 I Street NW Stop 5800, Washington, DC 20536-5800. Do not send the form to this address.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

About Your GRE® Score Report
Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

A candidate is considered **qualified** if the marks secured are greater than or equal to the qualifying marks mentioned for the category, for which a valid category certificate, if applicable, must be produced along with this Score Card.

This Score Card is valid
up to 31st March 2027.

GATE SCORE COMPUTATION

The GATE 2024 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where

M is the marks obtained by the candidate in the paper mentioned on the GATE 2024 Score Card

M_q is the qualifying marks for general category candidates in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of all the candidates who appeared for the test paper

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here, μ is the mean and σ is the standard deviation of marks of all the candidates who appeared for the test paper.

Qualifying in GATE 2024 does not guarantee admission to a postgraduate program or scholarship/financial assistance. Admitting institutes may conduct additional tests or interviews for final selection of candidates.

Graduate Aptitude Test in Engineering (GATE) 2024 was organised by Indian Institute of Science, Bengaluru, on behalf of National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

About Your GRE® Score Report
Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Overall Band Score

Test	Score	Your result explained	Advice to improve your score
Overall	7.5	Good User	The test taker has operational command of the language, though with occasional inaccuracies, inappropriate usage and misunderstandings in some situations. They generally handle complex language well and understand detailed reasoning.
Listening	7.5	<p>Test takers at Band 7.5 can typically follow extended speech and understand detailed instructions to complete tasks, including some involving complex ideas. They can identify ideas, attitudes, opinions or purposes which are implied by the speaker but not directly stated. They can easily understand meaning, including references within and between sentences, without having to process individual words and structures. They can understand a wide range of vocabulary, including some idiomatic, technical, and academic language, even when the language and ideas are complex.</p>	<p>Listen to current affairs and documentary programmes, or online talks, without pausing or repeating the recording. Try to remember as much as you can, including new words, main ideas, specific points, and their relationship to each other. Afterward, reconstruct what you've heard. How much are you able to reconstruct? Listen more and try to increase the amount that you can reconstruct. When speakers don't directly say what they mean, we use strategies to guess their meaning. What are some of these strategies that you use in your own language? Use the same strategies to understand them in English.</p>
Reading	8.5	<p>Test takers at Band 8.5 can typically deal effectively with a variety of factual and opinion-based texts that are often complex and dense with information. They are skilled at using their very wide vocabulary knowledge to create meaning, from sentence level to text level, on a range of general, specialised, and technical topics. They are good at following complex arguments and distinguishing between main ideas and supporting details, and at understanding attitude, opinion and implication. They are good at using appropriate reading strategies, such as skimming and scanning, and at synthesizing information and drawing inferences.</p>	<p>Your reading skills are already quite good. Continue to develop your awareness of how to read different types of texts differently. What features does that particular type of text typically have? How is information structured and arranged in such texts? Use your knowledge of these and approach the reading task in an appropriate way. Limit the amount of time you give yourself to read a text. As an exercise, try to find several texts on the same topic so that you can compare opinions, views, definitions and conceptualisations of ideas. Academics often make fine distinctions, so see if you can determine these. You may even try to see if you can capture those differences by writing a one sentence summary.</p>
Speaking	7.0	<p>Test takers at this band can typically speak with ease, clearly and at length, although with some repetition, self-correction, or hesitation to search for words or grammar. Speaking is generally well-organised, and ideas are generally clear and well-linked. They use a range of vocabulary to discuss a variety of topics, and can use some less common or idiomatic vocabulary, although not always accurately. They can paraphrase well if needed. They can use a range of grammar structures. Sentences are frequently accurate, although there are some errors. Pronunciation is generally natural and clear, but with occasional problems. They are usually easy to understand, and their accent does not have much effect on understanding.</p>	<p>Talk to other people about abstract and difficult current issues. Focus on delivering your ideas well in presentations and discussions, minimising hesitation as much as possible. Ask yourself: Am I arranging and conveying my thoughts in the best possible way? Am I using the best possible words and phrases that I know to express my ideas? How can I vary my delivery so that my ideas are understood better? Then work on those things you're not completely happy with yet. Continue reading and listening to natural English language materials and TV to note precise words and particularly effective ways of saying things. Think about how you might use these yourself.</p>

Writing

7.0

Test takers at this band can typically produce a clear overview of the graph or a clear viewpoint throughout the response. All parts of the task are covered. (GT) The letter has a clear purpose and a consistent, suitable tone. Test takers can support their main ideas with details and examples, although these might be too general and lack focus. The writing is well-organised and leads logically to its conclusion. They can use a variety of linking words, with some over- or under-used. In Task 2 every paragraph has one main topic. They can flexibly use a range of vocabulary and some less common words with some style, despite occasionally choosing the wrong word or making mistakes in spelling or in the form of a word. They are able to use a variety of complex sentences, and many of their sentences are correct. However they still make a few mistakes with grammar and punctuation.

Practice producing different types of writing. When writing informational and argumentative pieces, take care to develop your points thoroughly, providing as many relevant supporting ideas and details as necessary. Don't develop your points separately. Instead, ask yourself: how might I develop my idea so that it logically leads me to my next idea? Then, also ask yourself: does my use of paragraphing help to highlight the flow of my ideas? Have I also used other means besides paragraphing to do this? Use a good variety of structures, choosing appropriate ones to help the overall effect of your writing. Also try to use a wide range of vocabulary when you write, always using the best possible word. For words and phrases that are newer to you, look them up online to see how other writers use them and what other words they often appear together with. Finally, check your writing, paying special attention to those words and grammar structures you're not as confident about.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

About Your GRE® Score Report
Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Dear Aditi,

We are pleased to inform you that you have been admitted to the Graduate College for the Fall 2024 semester as a student in the Information Management-MS program. This letter is your official notice of admission.

This notice of admission is valid only for the Fall 2024 semester, requiring initial enrollment during this term.

For tuition assessment, you have been classified as International on the basis of currently available information. You have been assigned a University ID Number (UIN) and an Activation Code in order to access your student record. Please treat this ID information as confidential. Your UIN is 660136760

You have been admitted on Limited Status. An explanation of your status follows:

You have been admitted to the Graduate College on Limited Status because of an English deficiency. You are required to take the ESL Placement Test (EPT). This test is given by the Department of Linguistics. The results of this exam will determine whether you will be required to enroll in English as a Second Language course(s), which may reduce the number of academic courses you will be allowed to take. Please note that test results must be available before course registration is allowed. The conditions of this Limited Status admission, including passing all required English as a Second Language coursework, must be met in order for your degree to be awarded. Please contact your program office for specific information regarding this condition of admission. Computer Science

UNIVERSITY OF COLORADO **BOULDER**

Ms. Nidhi Santosh Sankhe
nidhi.task@gmail.com

Dear Ms. Nidhi Santosh Sankhe:

Congratulations!

We are pleased to inform you that the Graduate Admissions Committee for the Department of Computer Science has favorably reviewed your application for admissions, and you have been granted admission to the Computer Science - Professional MS program at the University of Colorado, Boulder beginning Fall 2024. Your official start date is August 26, 2024. International students are recommended to arrive at least two weeks before classes start.

Academics

The Graduate School allows FOUR years to complete the master's degree requirements, however, our students typically take two to two and a half years to complete the degree requirements. The academic program is generally organized across 2 years. Details about the curriculum, requirements, and structure of the program can be found [HERE](#). Please feel free to consult with Graduate Program Advisors by emailing gradadms@colorad.edu concerning matters related to your graduate studies here. Upon arrival in Boulder, please make sure to meet with your advisor, and work with them to fill out the [MSCPS Plan of Study](#) and submit it by the end of your first year.

Costs

Student Tuition

Each year students must pay tuition based on the number of credits they are enrolled in, in any given semester. Tuition rates are based on the degree program and option you are admitted to and on your Colorado residency status. Please check details about the tuition at the bursar's [WEBSITE](#) as follows:

As a Professional MS student (course-based MS), please check the Professional Master's in Engineering Rate Sheet based on your in-state or out-of-state residency status. International students should check out-of-state rates.

For tuition classification purposes you are considered a Non Resident.

Student Fees

Each year you will be responsible for paying out-of-pocket costs for a number of student fees, such as capital construction, recreation center, and bike program, student computing, athletic fee, mental health resource fee, career services fee, arts and cultural enrichment fee, student information system fee, Wardenburg additional campus care plan, and grad fee, which totals to approximately \$806.29 per semester (based on AY 23-24 rates) for students taking 7 or more credits. There is also a one-

time new student fee of \$62.00 for all students and an additional fee for international students. These fees provide you access to a variety of amenities on campus, including an unlimited use of the Recreation Center, resources through the Career Services Office, and much more. A tuition and fees estimator, as well a list of all due dates can be found on the [Bursar's Office website](#).

Health Insurance

The standard insurance, CU Student Gold Health Insurance Plan, available for graduate students typically costs \$2,311.00 per term (based on past year's rates). Please know as a student at the University you are REQUIRED to get health insurance.

FUNDING

Our departmental funding (TA/RA) is mainly reserved for our PhD students who are admitted with a funding commitment. For that reason, our master's admissions do not include any departmental funding, scholarships or fellowships.

As a CU Boulder student, you will join a community of faculty, staff and students committed to outstanding scholarly achievement, diversity and collaborative research that will prepare you to be a leader in your field.

Acceptance of Offer of Admission

Because of our policy of limited admission, we would appreciate a response from you, by confirming your intent to enroll on the [application status page](#) by April 30, 2024. However, please be aware that Fall 2024 class enrollment begins on April 22, 2024 and since CS classes are very popular, it will be to your advantage to confirm your intent to enroll before enrollments begin to ensure class enrollment. Please note that your intent to enroll is only confirmed after you have paid the enrollment deposit.

On your status page you will find a link with information regarding next steps needed to confirm your admission. If you have any questions about these requirements please contact the international admissions office by emailing intlgrad@colorado.edu. Once all visa requirements have been submitted and reviewed, you will be able to confirm your intent to enroll and pay the \$200 confirmation deposit on your application status page. Please note that forms such as the I-20 document will be issued through International Admissions. It can take up to six weeks to receive the letter and documents if your letter is being mailed to an address outside of the U.S. Once you confirm your intent to enroll and pay the \$200 confirmation deposit, you will receive more information about orientation meetings and workshops, registration, housing in the Boulder area, etc. We also invite you to visit our [Admitted Students page](#).

On behalf of our faculty, we congratulate you on your promising academic record. We sincerely hope that you decide to join us at the University of Colorado, and we wish you the best of success in your continued professional development. Our program, faculty, and students are outstanding, and we think you will find that the University of Colorado provides an exciting environment for your graduate work. If you have any questions concerning your admission, or any other aspect of the graduate program, please do not hesitate to contact your academic advisor mentioned above. We very much hope you will accept our offer of admission to the University of Colorado Boulder and look forward to your joining our department next fall!

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

About Your GRE® Score Report

Score Reporting Policies

With the ScoreSelect® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the GRE® Information Bulletin for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2021, are reportable through July 2, 2026. Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Beginning in September 2023, the subscores on the Physics and Psychology Tests will be reported as percent correct scores (i.e., the percentage of questions in a subscore area answered correctly). Subscores earned after September 2023 should not be compared with scaled subscores earned prior to September 2023.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Free GRE Diagnostic Service

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

Retaking a GRE Test

You can take the GRE General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can retake a GRE Subject Test once every 14 days.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For information about interpreting your scores, see <https://www.ets.org/gre/test-takers/general-test/scores/understand-scores.html>.
