Vidyavardhini's College of Engineering and Technology, Vasai is located on the sprawling campus of Vidyavardhini, spread over an area of 12.27 acres. VCET is approved by AICTE and affiliated to the University of Mumbai for the Bachelor's Degree in seven Programs Mechanical, Electronics and Telecommunication, Computer Engineering, Information Technology, Civil Engineering, Computer Science & Engineering (Data Science), Artificial Intelligence & Data Science Engineering and Post Graduate program in Civil Engineering (Structural Engineering).

Department of Electronics and Telecommunication Engineering

The Department of Electronics and Telecommunication Engineering was established in the year 1994 with the aim of providing state-of-the-art education in the field of Electronics and Telecommunication engineering. Since then, the department has evolved to match the ever-changing needs of the industry with highly qualified faculty members and staff. Ensuring the efforts for continuous development the Department is reaccredited by NBA. The department strives for the all-round development of the students by implementing Outcome Based Education systems with a regular focus on extra-curricular and co-curricular activities.

Department of Mechanical Engineering

Department of Mechanical Engineering was established in the year 1994 with the objective of imparting the knowledge and developing practical skills in the various areas of Mechanical Engineering. The Department has been Re-accredited by NBA and has an intake of 60 students. The Department imparts the skills and expertise in the areas of Design, Thermal sciences, Manufacturing and Renewable energy that are the backbone of Industries. The Department also offers consultancy in the field of Material testing, Product & Process Design, Energy Audit, ISO certification to the Industries. Department caters to the students' varied interest through student activities. Team VCET Selection and National level champion team for years together.

About the Programme

The aim of this faculty development program is to make faculty members aware about the latest technologies. This FDP will make attendees enhance their knowledge of current trends of automation, data exchange, IOT ecosystem, Cognitive & Cloud Computing.

Objective

1. To update Industry 4.0 among the academia and provide framework to the next generation.
2. To update the research scholars, academic faculties and people from industry with state-of-the-art technologies.

Key features of the FDP

1. Offline sessions by Industry experts and academicians.
2. Hands-on sessions on latest software and equipment.
3. Industrial Visit and discussion forum on research problems.

Expected Outcomes

1. Understand the Industry 4.0 architecture and eco-system.
2. Integrate hardware and software for the state of the art technology.
3. Apply smart methods of self-optimization, self-configuration, self-diagnostic, cognitive and intelligent support to complex problem.

Topics To Be Covered

- Building Blocks of IIOT
- Cyber Security
- AI & ML with its real time application
- Sensor Technology & its application
- Cloud Computing
- Condition Monitoring techniques
- Robotics and Automation
- Smart / Additive Manufacturing
- Augmented reality/Virtual reality/Mixed reality
- Digital Twin Technology
- 5G Technology

Dear Author(s),

Congratulations!

We are pleased to inform you that your paper has been Accepted for Oral presentation at the IEEE International Intelligence and Communication Systems (ICIICS) (ICIICS-2023) in association with IEEE Bangalore Section Shri Chhatrapati Shivaji Maharaj Vastu Sangrahalaya, Kalaburagi, Karnataka, India.

NOTE: During Camera Ready Submission, please address the reviewer comments

Reviewer Comments:

- Format the paper strictly according to the conference template available in the conference website.
- Do not modify layout margin & size of the template.
- Result section is short, comparative analysis and state of the art comparison is missing (Compare the proposed materials). I recommend you to work on this issue. Follow this link for reference, <https://www.researchgate.net/publication/357417824>
- Separate discussion section and result tabulation is required.
- Figure 3 quality is not good, provide good quality of images.
- Figure 2 & 3 callout missing in the paper.
- Rewrite equations using equation editor or mathtype tool.
