

**5.1.5: The Institution has a transparent mechanism for timely redressal of student grievances including sexual harassment and ragging cases**

We as an institute is conscious about undesirable practices approximating criminality & collectively, we stand sensitized about these practices' creeps in periodically.

We abide by the statutory norms regarding this & formed committees and build a paid portal to facilitate students to respond to any inequitable/undesirable practices happening in the institute. We paste notifications about these practices & its aftermaths to students at large. We remain focused to perpetuate our non-negotiable approach in not allowing these undesirable activities getting into our ecosystem.

As a matter of fact, we have not yet experienced any such untoward incident /undesirable events for the last so many years.

We would like to attribute these ecosystems are devoid of undesirable practices essentially due to our vigil & our professionalism/culture of parents and students who remain focused to go up in the professional value chain.
